J.A.A. —
 Dear Comrade

Your telegram rec'd.
 I am not authorized to fix time
 of meeting and "big" meeting is
 not until Wed night. This week
 is not really a good time on
 account of new year. Too much
 booze, noise etc. If you could
 come over next week I think
 it would be better. The boys would
 like to get up a big meeting in
 city hall I think. Pro Ex meets
 on Tues nights now. If you wish
 to meet the Com it would be well
 to come say on Tues and have
 meeting on Wed night.

I believe there is to be Municipal
 election in June - on July 14. Why do

for now...

It would not cost a five cent piece
 to run a Municipal campaign

the comrades not put up a
candidate? Thomas Hardy would
win out hands down. It would
give the boys something to do for
a couple of weeks thus keeping
'em out of mischief. A municipal
victory would tend to favorably
influence the vote at Dominion
election. This should not be al-
lowed to go by default.

The Clarion goes under for 30 days,
and unless the comrades come to
their senses, for good. I shall
make no further appeal, in fact
I've made none so far. In view
of the facts it is the d—st stupidity
that ever happened to let her go
down now. \$200 in hand and
a small monthly guarantee for a
short time would put her on her
feet. Talk it over when I see you
For trouble. EJK
