

LARDEAU THE EAGLE

VOL. III. NO. 21.

FERGUSON, BRITISH COLUMBIA, JULY 4, 1902.

\$2.00 A YEAR.

EXAMINED THE TRIUNE

Rev. C. E. Nylen Visits the Property Friday.

MUCH PLEASSED WITH SHOWING

He Found it a Better Property Than He Expected—Thinks It Will Make a Big Mine.

An Eagle representative had an interesting chat on Friday last with Rev. C. E. Nylen, manager of the Laborers Co-operative Mining Association of Sycamore. Mr. Nylen had been to the Triune the previous day to examine the mine in his own interest and for others who like himself have stock in the Metropolitan Gold and Silver Mining Co. Mr. Nylen told the Eagle man that he was astonished at the magnitude of the ore bodies on the Triune. He expected to see a good thing, but was agreeably surprised to find that the property had not been exaggerated and he thinks the company did a great stroke of business when they purchased the Triune at the figure paid. Mr. Nylen has also other interests in the Lardeau and altogether he has an abounding faith in this section. On the following day he was to go to Fulmers to investigate the B. C. claim four miles distant. This claim has a good showing and was purchased by his company last fall. He will immediately put men to work to develop the property.

Mr. Nylen's company have mining property near Golden where they expect to erect a Vulcan smelter like the one in Ferguson. Twenty lots were recently purchased for this purpose. The company have in all twenty-two claims and there is over \$30,000 in the treasury so is spent in development this season. All the stock parted with by the company was sold in the U. S.

The May Bee.

The Eagle man met Mr. Jno Parisian foreman of the May Bee Thursday week as he was returning from Trout Lake to the mine. Asked as to what was being done on the May Bee. Mr. Parisian said that he and his men had been for the past fortnight re-embering and enlarging the main or No. 1 tunnel and that this was about completed. Inside of a week Mr. Parisian will materially increase his force and run an extra shift. The work now laid out includes an upraise of 150 feet to the surface from the face of the 300 foot tunnel. This will serve two purposes, the main one will be to insure plenty of good air for the long crosscut that will be run from the face of the 300 foot tunnel. Just before work was discontinued in the tunnel, to prepare for starting the raise, three inches of solid grey copper was encountered. This appears to be continuous and it also proves that the May Bee has as rich ore as any mine in the district, the lead referred to having given returns of about 4,000 ounces in silver.

Metal Quotations.

Silver—\$21.
Lead—\$11.50.
Copper—Steady.

THE LARDEAU'S GOLD DEPOSITS ARE CREATING A SENSATION IN THE EAST

Canada Has a Cripple Creek in the Lardeau District. The Leading Newspapers Recognize Importance of the Remarkably Rich Free Gold Ledges of the Fish Creek Division of the Lardeau. There is No Boom but a Healthy Condition Exists.

The Winnipeg Free Press of June 28th contains a big write up of the free gold discoveries in the Lardeau. The Eagle has not space for the whole article, but the following extracts will give some idea of the excitement over high grade gold properties are creating in the outside world:

"News has been received of the discovery of what is practically a mountain of very rich free milling gold ore in the Fish River (Lardeau) district of British Columbia. Fish River is situated north of the Sloacan district, and is reached by leaving the main line of the C. P. R. at Revelstoke, thence by train and boat to Thomson's Landing, at the head of Arrow lakes, from which point there runs a five mile wagon road to the town of Camborne, which is situated at the foot of the mountain in question—Mt. Lexington. The distance from Revelstoke is about forty miles. A gentleman who has recently returned from a visit to the Lardeau gives the Free Press the following particulars about the new camp, which promises to become another Cripple Creek.

"Strange to say the discovery that gold existed on this mountain in very large quantities, was made some considerable time ago, but the man who made the discovery did not do any advertising, and both the discovery itself, and the fact that the outside world remained so long in ignorance were pure accidents.

"The first claim located on the hill were staked as silver-lead propositions, and the men working them were blissfully throwing over the dump hundreds of tons of quartz containing phenomenal values in free gold.

"One day there came along a person who knew gold when he saw it. He picked up a piece of quartz and broke it in two. To his astonishment, the pieces were held together by what he found to be

Streaks of Pure Gold.

A closer examination of the dump and the big ledge upon which the tender-foot prospectors were working, disclosed the sensational fact that the ore was worth several hundred dollars per ton.

Pig Lead From Trail.

A consignment of pig lead was made to Winnipeg by the Trail smelter, and shipments of pig lead will be continued regularly to Eastern Canada. This is the first pig lead which has been produced on a commercial scale by electricity, and it is believed this process, in which electricity is used in place of fire, will as completely replace the old fire methods in lead refining as has been the case in copper refining. The success of this plant inspires the construction of a large refinery by the Trail people, and it is understood that plans are being prepared for a plant which will turn out 50 or 60 tons of pig lead daily.—Colonist.

"Since that time the whole mountain has been staked, in fact the claims are so numerous, and the zeal of the prospectors so keen that several surveys which have been made show that a great many claims which were supposed to be full sized, that is 1,500 feet square, or about 62 acres, are only fractions. The mountain has been proved to be a veritable net-work of big quartz veins, carrying high values in free gold.

"The original group of claims is known as the 'Eva.' It is owned by a syndicate of Nelson business men. The company is known as the Imperial Development Syndicate, with a capital of \$200,000 in shares of \$1,000 each. It is impossible to buy any of these shares at anything less than their par value, and the majority of them are held at a considerably higher figure. It is on the Eva group that the most of the work has been done, and it has been proved conclusively that the phenomenal values existing on the surface not only continue, but improve with depth. At the 400 foot level on the 'Highland Mary,' one of the claims of the Eva group, ore has been encountered averaging from \$15 to \$40 in gold.

A Great Showing.

"Individual samples from this and the various other groups on the mountain are some of the richest ever discovered in British Columbia, assaying many thousand dollars to the ton. Some of the specimens actually contain more gold than quartz. The following are some of the assays which have recently been made from samples of quartz from the ledges on Lexington mountain:

- "Average shipped across 50 feet of quartz ledge, \$18 gold per ton.
- "Average from bottom of a 60 foot shaft, \$21.60 gold per ton.
- "Average of 18 feet of ledge, \$23.50 gold per ton.
- "Average 4 feet on hanging wall of ledge, \$64.00 gold per ton.
- "Average of two feet vein of galena and iron, gold \$23.50, silver 25.2 ounces, lead 27 per cent.
- "Average from 400-foot level, \$15 to \$40.
- "Selected sample, \$478.20 gold per ton.
- "Selected sample, \$2,601.40 gold per ton.
- "Selected sample, \$1,247.00 gold per ton.

"Selected sample, \$3,104.00 gold per ton.

"Average sample from vein of quartz three and a half feet wide, \$44.00.

"Average sample from dump of four to five hundred tons, \$28.10.

"Although the Eva was the first to be discovered and worked to any extent, there are several other groups of claims on the mountain, some of which exceed the Eva not only in gold values, but in strong well defined ledges. Two of the principal ones are the Oyster and Rossland. These groups contain seven or eight claims, and are owned by J. J. Young, of Calgary, and his partner, W. B. Pool, an old-time Lardeau mining man.

Another rich group of claims on the mountain is the Lucky Jack, owned by five prospectors who have already refused offers of seventy-five to a hundred thousand dollars, and are going along quietly working it themselves.

"On the opposite side of the river a group known as the Camborne is being vigorously developed by an American company, who have recently installed an electrical plant which is operated by water power from Fish River. It is being used at present for operating power drills and in the near future will furnish the power for a large stamp mill which the company has decided to instal.

"An American miner who visited the camp last week, expressed great astonishment at the comparatively slow progress which had been made in connection with developing the properties on Lexington mountain. He said if this mountain was located in any one of the western states there would be 10,000 people on the spot in less than a month. Americans are already flocking in, and it is likely that before many days, the best properties in the district will be grabbed up by American capital. All who have visited the camp, and seen the tremendous showings, agree that Fish River will in the very near future prove itself a second Cripple Creek. There are already many hundreds of thousands of dollars of rich free milling gold ore in sight, and conservative mining men express the opinion that the free milling gold properties at Lexington mountain are capable of producing millions of dollars' worth of wealth.

DOMINION DAY AT THE LAKE

A Large Crowd Went Down From Ferguson.

THE RAIN SPOILED SPORTS

Kaslo People Could Not Come on Account of R. Y. Accident—Aggregation From Revelstoke.

There was a big crowd turned up from outside points to witness the sports at Trout Lake on Tuesday, Dominion Day, and it was therefore to be regretted that the weather turned out so badly and many events had to be dropped entirely. However there was some very good sport even if the interval between events was often tedious. In the forenoon there was a rifle match on the gun club grounds. There were a number of competitors and poor marksmanship resulted.

Then there were two rowing events on the tapis, but after the single race was pulled off, rain commenced to fall heavily and continued at intervals all afternoon. The double rowing event came off during the afternoon and an exciting pony race was run. About 2 p. m. most of the people found shelter from the rain in the hotels where various forms of entertainment was provided and in the new Odd Fellows' hall where dancing was in progress.

About 4 p. m. two big loads of people came in from Revelstoke, including the football team and at 7 p. m. a football match was started between the Revelstoke and Trout Lake teams. The match was a good one, though the grounds were in a bad state, and the teams were found to be very evenly matched, Trout Lake succeeded in having one goal to the good at the finish and thus won the game. The Lake team showed a friendly spirit in handing over to the visitors the prize money besides contributing to the teams' expenses.

A grand ball was held at night in the hall as a benefit to the new hospital. A large crowd attended and a good dance was the result. The balance of the sports were postponed till next day and the party who promised to furnish a report to the Eagle somehow failed to have it reach us in time. The Revelstoke brass band was in attendance and discoursed sweet music during the day and members of the band furnished music for the dance at night.

The Tune Was Changed.

The Revelstoke Football club envisioned their trip in on the stage to Trout Lake by shouting the following home-made yell:

BEFORE THE GAME.

"Who are we?
We are the
R. F. C.
Will we win?
Yes, you bet;
Yes, you bet;
Lost a game yet."
Outward bound.

AFTER THE GAME.

"Did we win?
No! you bet,
We have never
Won a game yet."

School Trustees Elected.

A representative meeting of citizens was held Saturday night in Eagle hall to elect a board of three trustees for the Ferguson public school. We are glad to see so much interest manifested by the citizens generally in school matters, it shows that they are fully alive to the fact that the boys and girls of to-day will have to bear the burden and responsibility of the country a few years hence. Mr. Jno. Sutherland was elected chairman and Mr. Arthur Gunn secretary of the meeting. The chairman then called for nominations and the following were nominated: Sam

Sutherland, Batho, Smith, McKinnon, Kirkpatrick, Shannon and Woodward. Ballots were distributed and voting took place. Messrs. McKinnon and Shannon were elected to act as scrutineers and on counting the ballots Mr. Kirkpatrick was found to have scored the highest number, Mr. Shannon being second and Messrs. McKinnon and Woodward were a tie. The chairman was therefore called upon to exercise his prerogative as provided in the school ordinance and give the casting vote. He therefore rose and in a neat little speech told why in his opinion Woodward should be elected. He therefore had pleasure in giving the casting vote to the Eagle man.

Job Printing: The Eagle job department is the best equipped in the province, and the only office which can furnish the topographical union label in North Kootenay; a guarantee is itself of good work and promptness.

Advertising Rates: Display ads., \$1.00 per single column inch per month. Legal ads., 12 cents per (uninterrupted) line for the first insertion; 8 cents per line for each additional insertion. Reading notices in cents per line each issue. Ninety day legal notices, \$1.00 per day, 7.50; thirty days, 50c. No ads. accepted for less than these rates. No room for quick ads.

Four weekly insertions constitutes one month's advertising.

FRIDAY, JULY 4, 1902.

That Sidewalk.

The Eagle has screeched for a sidewalk on the Main street between the Pool block and Mrs. O'Connor's hotel for three months, but in the last few issues we have thought it better to allow the matter to rest, in the hope that something might be done, but it seems this plan will not bring the walk. Ferguson is very poorly provided in sidewalks and none have been built this year. We have been fortunate in having very little mud so far, but if the rain continues the streets will soon be in a bad condition. It is estimated that the walk in question would cost in the neighborhood of \$250 and of this the townspeople generously offer to contribute a half. That will leave but \$125 for the citizens to provide for, and a good portion of this has been promised. We would suggest therefore that a meeting of citizens be held at once in order that their views may be known and something done in the way of appointing a committee to take the matter in hand and solicit subscriptions.

The newly elected board of trustees of the Ferguson public school met in the Eagle office last night. Mr. S. Shannon was elected secretary-treasurer for the ensuing year, and was instructed to advertise for a lady teacher in the Daily Province newspaper of Vancouver. The matter of a school building was discussed for some time and it was found that there is no suitable building available for school purposes and the only way to provide for a school after termination of holidays was to build a small temporary building on the school grounds. No motion was put in this matter, but it was decided to see what the feeling was among the town people and what amount could be raised by subscription. It is very important that provision should be made to supply Ferguson with ample school accommodation, for if this is not done there are advanced pupils in town who would have to go out to attend school. This would do the town injury and steps should be taken to avoid it. There is also no doubt that parties would bring their families in if the town had a good school. So we think it is to the interest of every man who makes Ferguson his headquarters to contribute to the school building fund, for the larger the amount subscribed the better the building will be and a greater amount of good will accrue to the town.

In another column will be found an article on the recent opposition

of pig lead by the Trail smelter to Winnipeg. The announcement that regular shipments will be made in future will be gratifying news to B. C. mining men. This represents a stage of advancement for lead mining and is what was being worked to have brought about for years. When so much lead was being used yearly it seemed strange that our own product could not be reduced to a commercial condition within the province. The new process of electrical treatment promises to encourage the building of large refinery plants at different points throughout the province. There is to be one at Trail, another at Marysville and we believe one would prove a good investment in Ferguson, since it would work well in connection with the smelter.

AID FOR FERGUSON'S HOSPITAL

The miners and business men of Ferguson have united to erect a hospital here. This is an absolute necessity as there is no place in which we can properly care for a sick man who don't happen to have a home of his own. There has been about \$1,500 subscribed towards the hospital locally and the Eagle has been requested to receive subscriptions from outside points which will be acknowledged through the columns of the Eagle each week. There is something like \$1,500 more to raise and we hope that those who have made money in this camp will remember those who work away from the comforts of older communities and send along a liberal sum to help in the good work. The hospital will be owned and operated by the members of Lardeau Miners' Union. Address all subscriptions to the Eagle.

LARDEAU ORE SHIPMENTS.

The following is a list of Lardeau ore products amount shipped and the gross returns, report which will be furnished monthly by mine owners to the provincial government:

Vanadium	1,700,000	\$220,000
Silver Cup	2,400,000	\$180,000
Stegite	1,000,000	\$150,000
Great Northern	60,000	\$5,000
Beatrix	442,000	\$2,250.38
Great Northern	1,700,000	\$250,000
Broadview	50,000	\$640.00
Chryse	10,000	\$125.00
Crowwell	25,000	\$350.00
Ophi-Lode	12,000	\$150.00
North Star	11,774	\$147.00
St. Mine	12,000	\$10.00
Trout Lake	11,774	\$147.00
Lardevu View	608	\$8.17

Return and corrections exact for 1933.

WANTED, 1933

Three good carpenters wanted at once. Steady work for summer to paid men and standard wages will be paid.
DUNBAR & ACKERT,

Notice of Assignment.

Pursuant to the "Creditors' Trust Deeds Act," Resolving Act, I hereby give notice that Alex. C. Cummins, the town of Ferguson in the Province of British Columbia, residing under the firm name and style of Cummings & Co., General Merchants, at a deed dated the 11th day of June, 1932, assigned all his real and personal estate, except as thereon mentioned, to Fred C. Elliott of Trout Lake City in the Province aforesaid, Solicitor for Trust Deeds, for the purpose of paying and satisfying his creditors proportionately and without preference or priority, the creditors of the said Alex. C. Cummins, their just debts.
 The said deed was executed by the said Alex. C. Cummins, assignor and Fred C. Elliott, assignee on the 11th day of June, 1932.
 All persons who are required to forward particulars of their claims, duly verified, as required by the Act, to the said Trustee, on or before the 15th day of July, 1932, are notified that I will proceed to distribute the assets among the parties entitled thereto, having regard to the claims of which notice shall have been received.
 The said deed will be held at the Queens Hotel, Nelson, B. C. on Tuesday the 26th day of June, 1932, at the hour of four o'clock in the afternoon, to consider the status of the estate.
Dated this 11th day of June, 1932.
FRED C. ELLIOTT, Trustee.

Notice to Creditors.

In the matter of the estate of Daniel Anderson, late of Trout Lake, British Columbia, deceased.
 Notice is hereby given pursuant to the "Trustees and Executors Act," that all creditors of the said Daniel Anderson who died on or about the 26th day of January, 1932, are required to send their claims, duly verified, to the undersigned, on or before the 13th day of July, 1932, to send up post prepaid or deliver to the undersigned in person or persons if whose claims notice shall not have been received by him at the time of their distribution.
Dated the 11th day of June, 1932.
Administrator of the estate of the said deceased, HUGO BROWN.

Notice.

Notice is hereby given that after one month from the date hereof I intend to apply to the Chief Commissioner of Lands and Works for permission to purchase 20 acres of land in the District of West Kootenay, situated on the northeast side of Trout Lake and being what is known as American East and more particularly described as follows: Commencing at a post marked "Initial" at the West Hugh Brown's 24 corner; thence S 60° 30' E 1/4 mile; thence S 20° 30' E 1/4 mile; thence S 60° 30' E 1/4 mile to the point of commencement.
Dated at Trout Lake City this 12th day of June 1932.
HUGO BROWN.

THE DOUBLE EAGLE MINING AND DEVELOPMENT CO., Limited Liability.

Notice is hereby given that the Annual General Meeting of the Shareholders of this Company will be held at their offices in Ferguson, B. C. on Thursday, July 26th, 1932, at 2 p.m. for the transaction of all business connected with the Company, and the transfer books of the Company will be closed from June 26th to June 30th, 1932.
A. H. HOLDICH, Secretary.

Notice is hereby given that the Annual General Meeting of the Shareholders of this Company will be held at their offices in Ferguson, B. C. on Wednesday, July 26th, 1932, at 2 p.m. for the transaction of all business connected with the Company, and the transfer books of the Company will be closed from June 26th to June 30th, 1932.
A. H. HOLDICH, Secretary.

THE NEW AND ONLY

MAP OF THIS DISTRICT

Including the Fish Creek camp and Upper Duncan River section, compiled by F. C. Cummins, P. L. S., and H. Shannon, B. A. is now on sale at this office. The ready sale of the map is proving all we have said for it. The Trout Lake division is lithographed in black, the Lardeau in red and the Alina-ward in blue. Even a tenderfoot could take a copy of this map and find any roads, trails, surveyed railway routes, and the location and name (by a unique key) of every mineral claim in the district is shown.

Next to Visiting the Country in Person This Map Takes First Place.

In fact every geographical feature is so well defined that you can see at a glance the nature of our country and the trend of the claim locations. It gives an intelligible idea of the mineral belts running through the camp. It is certain!

The Best Worth For One Dollar

ever offered in the map line of a mining camp. It is the most complete map of the district and is selling well. It is just what you are looking for. United Hatters of North America

THIS IS THE UNION LABEL of the United Hatters of North America. When you are buying a FUR HAT, fiber soft or stiff, see to it that the genuine U. N. A. Label is sewed in. If a retailer has loose labels in his possession and offers to put one in a hat for you, do not accept his offer. You have no right to have loose labels. Loose labels in retail stores are counterfeit. Do not buy any hat by definition as to why the hat has no label. The Genuine Union Label is perforated on the four edges exactly the same as a postage stamp. Counterfeits are sometimes perforated on three of the edges, and sometimes only on two. Keep a sharp lookout for the counterfeit. Unpaid union manufacturers are using them in order to get rid of their cheap-made hats. The John B. Heston Co. and Henry H. Rosin & Co., both of Philadelphia, Pa. are non-union concern.
JOHN A. MOFFITT, President,
JOHN PHILLIPS, Secretary,
 79 Bedford Ave., Brooklyn, N. Y.

There is only one best mining journal. That is

Mines and Minerals.

It has a larger circulation than any two other American mining journals because it is the best. It is the largest, best illustrated and handsomest mining journal in the world. It is a mining paper for mining men. Subscription price \$2.00 per year. Send for free sample copy. Address **MINES and MINERALS,** Denver, Pa., U. S. A. Denver offices, Barf., Bldg., Denver, Col.

 They are all Union made and of the best Havana Tobacco. Buy one and satisfy yourself as to their quality.
UNION CIGAR FACTORY, H. A. BROWN, Prop.

If you are building or contemplate building we will be pleased to quote you estimates on anything made in our every particular. Write: **Sawyer Bros., Revelstoke, B. C.**

LOCAL FIELD IN BRIEF

Arthur Gunn went to Camborne Tuesday.

The king is reported as progressing favorably.

Mr. and Mrs. Atwood paid a visit to Circle City on Sunday.

The Revelstoke football team played Trout Lake on July 1st.

A son was born to Mr. and Mrs. Hamell of Comaplex on July 1st.

The Revelstoke Herald has been changed into a weekly publication.

Dr. Newcombe paid a professional visit to Comaplex returning Wednesday.

James Lade came home from the Oyster group and spent Sunday with his family.

Alfred McPherson returned Saturday to the May Bee from a visit to Revelstoke.

Service will be held as usual in the Eagle hall Sunday at 3 p. m. by Rev. S. J. Green.

The Miners' Union hold their regular fortnightly meeting to-morrow (Saturday) night.

J. Tweeddale of the Imperial Bank, visited the Silver Cup Saturday and returned Sunday morning.

Mr. A. P. Garrett, who has the contract for the long tunnel on the Sunshine spent Monday in Ferguson.

P. J. Devine returned to Ferguson Thursday to do his annual assessment work. He spent the winter at Fish Creek.

Mr. Edwards of Olds, brother of Miss Edwards, of the postoffice, came in on Saturday last on an extended visit to his sister.

M. A. Wilson, Ferguson's busy tailor, is spending a well earned holiday with his family in Revelstoke. He will return to-day.

Mr. McCrossan, manager of the Lardau Smelting & Refining Co., moved into his new office in the "Dad Block" Thursday.

J. J. Young M. L. A., president of the Double Eagle Mining and Development Co., Ltd., returned to Ferguson Wednesday.

Mr. H. N. Coursier, of Revelstoke, representing fire and life insurance companies was in Ferguson Wednesday soliciting business.

Prof. Jno. N. Greer, manager of the Mountain Line Mining Co. took a number of men to his property on July 1st to begin the seasons work.

The Eagle extends sympathy to A. Johnson of the Revelstoke Herald and Mrs. Johnson in the loss of one of their twin daughters who died on Tuesday June the 24th.

R. Sawyer of Revelstoke, came into the city on Monday to install electric light fittings. It is expected that everything will be in readiness by August 1st to furnish lights.

Mr. G. Atwood, the London mining engineer and his assistant, Mr. Forbes, are examining the Criterion, Oyster, Moscow and other properties in the Fish river camp belonging to the Nettie L. syndicate.

Dr. Wm. Whitley of Belfast, one of the most eminent doctors in Ireland, has been knighted for distinguished services as a physician. Sir William Whitley paid a lengthy visit to Manitoba a few years ago on a visit to his brother, R. J. Whitley.

Rev. Mr. Sulley held the first Episcopalian service in the Eagle hall on Sunday. Miss Edwards presided at the organ. Service will be held again at 8 p. m. and the meetings will be held during balance of year at 8 and 3 o'clock alternate Sundays. In order that confusion may be avoided as to the hour, cards are being printed and will be hung in the different places of business of the town.

On Monday afternoon June 23rd at St. Paul's church, Kamloops, John McDowell, the well known popular manager of the Hotel Revelstoke and partner in the Ferguson Hotel of this place under the firm name of McDowell & Edson, was quietly married to Miss Carrie Estella Kipp, daughter of Henry Kipp of Chilliwack by the Rev. Akhurst. The Eagle extends congratulations.

Tweeddale and Reeves visited Trout Lake last night.

H. H. Johnstone, a Rossland mining man is in Ferguson to-day.

W. J. Verschoyle, a mining man from Trout Lake, is visiting Ferguson.

"God Save the King" is the universal prayer of loyal subjects throughout the British empire.

A very rich strike of free gold ore was made on the Eva at Fish Creek last week in the 400-foot level.

Rev. Mr. Berkman of Minnesota, is spending a few days in Ferguson. He is interested in the smelter.

Mr. McIntyre, representing McKay, Smith & Co. of Vancouver is showing gents furnishing's samples to-day in Ferguson.

Mr. Reed of the firm of Reed & Young, Revelstoke, has samples of ladies goods on exhibition at the Ferguson Hotel.

There are seven C. P. R. engineers running a survey around Trout lake and it is thought that the company will endeavor to commence building operations at an early date.

The second furnace of the Mother Lode smelter at Greenwood was "blown in" on Wednesday, thus increasing the capacity to eight hundred tons daily. The plant has treated 180,000 tons of ore to date.

Judge Miller, accompanied by Dr. Gifford, secretary-treasurer and manager of the Maria Marilla company, returned from the Pedro Saturday night where a force of men are working. The doctor is very favorably impressed with the showing of the mine and says that the company will expend \$300,000 on the Pedro group this summer and that \$150,000 dollars will be spent in the district by them. The judge and doctor went up to the Old Gold this morning.—Topic.

Mr. W. H. McDougall, representing the International Correspondence schools of Scranton, Penn., was in town this week on a business trip. Mr. McDougall succeeded in getting quite a large number of students in Ferguson. The method of correspondence instruction in the International Correspondence Schools was originated in 1891 and was first used in the Correspondence School of Mines. Nearly every course of study under the sun can be taken up and is being successfully carried out at this school.

Mr. J. W. Westfall of Trout Lake, paid a visit to Ferguson Saturday last and in conversation with an Eagle representative stated that it was the intention of the company which he represents to do more work on their several properties this season than ever before. Mr. Westfall had just returned from the Pedro group where he has four men working. This property is looking good and more men will be put to work next week. The ore is a galena, carrying considerable grey copper. There are two leads of two and four feet respectively.

Wedding Bells.

We are pleased this week to chronicle the marriage at Revelstoke on Saturday last of Mr. Arthur Evans, lately of the Ferguson Hotel of this place, and at present proprietor of the Prospectors' Exchange, Beaton, to Miss Mabel Thomson, eldest daughter of Mr. Thomson, the popular school teacher of that place. Miss Thomson had just returned from finishing a musical course at New Westminster. The Eagle joins with the many friends of Mr. and Mrs. Evans in wishing them a long and happy married life.

Locals With a Paystreak.
