MARTIN'S EXIT.

We see much comment on the retirement of Hon. Joseph Martin from politics, but however strange it may seem, the press of the province, both Liberal and Conservative, is unanimous in asserting a belief that the country will suffer no loss in Joe's retirement.

After figuring so prominently as Jos. Martin has in the game of politics for the past twenty years it seems strange that he has not some friends who will express sorrow at this latest step. Yet it is not so strange to one who has followed Mr. Martin's political record in British Columbia and formerly in Manitoba. He is undoubtedly a man of a great deal of ability, but we certainly believe he does not put it to good use in politics.

SEEKING A LEADER.

The Liberals of the province appear to be experiencing no little difficulty in selecting a leader for the party in the house. Some thought McInnes would be the man if Martin were out of the way, but a somewhat unexpected opposition has sprung up in some of the strongest wings of the party and there is liable to develop no end of discontent and trouble before an acceptable leader can be decided upon.

Smith Curtis, ex-M. L. A. for Rossland, was approached by a Miner representative last week for an opinion regarding the leadership. He said in part:

"McInnes is absolutely impossible if Liberalism is to emerge from the cold shades of opposition by putting honorable men at the helm of the Liberal ship. The course of McInnes for the past two and a half sessions of the late legislature was in every way as bad as that of Martin, and in some ways even worse. He, Martin and Eberts were all in the same boat, promoting the Dunsmuir and C. P. R. Corporative interests to the detriment of the province. McInnes stood for the attempted looting of the province of its lands and cash and actually went on the hustings in Victoria and urged the election of Colonel Prior, whose selection meant the endorsement of the huge grants of land and money promised Mackenzie & Mann for their Canadian Northern railway scheme. Later he joined Prior's government, with its inherited load of the sins of the Dunsmuir government. No, no, McInnes won't do at all for leader, and should not even be allowed in the caucus of the party. He has done nothing to save or protect the country from bad government and steals, but was most ac-

tive in promoting or secretly conniving at the very things that have made the late government smell to heaven."

EDITORIAL NOTES.

It seems to be the general belief that the present government of B. C. will prove a good one and the best for the country that we have ever had. If McBride lives up to the platform of the party, which undoubtedly he will, the province will be well governed for the next four years. The government have a majority of two over all and on most of the measures that will be introduced we think the two Socialists will support the government. The Clarion says: "While the Clarion cannot speak for the Socialist party, it is of the opinion that Comrades Hawthornthwaite and Williams will support the Conservatives or any other government which will give the workers of the province the most in their interests."

Ferguson did not experience a growth during the past season that came up to expectations, but the district made great advancement. The season was very wet and cold, some of the mining companies did not start operations till late and several of our mining men were late returning from the outside. Then, although two sawmills were cutting steadily, the output was contracted for in advance by the Silver Cup mine for use at Five Mile. There will be a largely increased number of men working in the camp this coming winter and the town will be prosperous as far as one can judge in advance.

As will be seen on another page, the C. P. R. are contemplating some changes in connection with the Arrow Lake route and also the Arrow Lake route for the winter months. The discontinuance of the boat service between Nakus and Robson will, however not interfere with the mail service, though it will necessitate a number of changes for passengers making the trip. The change of time on the Kootenay lake will make travel and mail more convenient for this end of the run.

Most of the members of the present legislative assembly have pledged their support to certain measures drafted by the Provincial Mining Association that will be of benefit to quartz mining throughout the province. So we may expect to obtain due recognition for the mining industry and the statutes amended to conform with the needs of this growing business.

The October number of the Mining Record has an excellent write-up of the Lardeau district from the pen of E. Jacobs, who went through the country in August and looked it over thoroughly. Mr. Jacobs is a conscientious writer and what he sends out can be depended upon to be accurate, and what is more he takes great pains to find out existing conditions in detail when he visits a mine or a camp.

Notice to Delinquent Co-Owners.
 To Z. Gordon Goldberg or L. Goldberg, or to any person or persons to whom they may have transferred their interests in the Little Robert and Little Robert No. 2 miner claims situate at the head of the north fork of Lardeau creek and adjoining the Black Warrior group on the southeast, in the Trout Lake Mining Division of West Kootenay District. You are hereby notified that I have expended two hundred and five dollars and twenty-five cents (\$205.50) in labor and improvements on the above mentioned mineral claims for the purpose of holding and mining thereon under the provisions of the mineral act, and if within ninety days from the date of this notice you fail or refuse to contribute your proportion of such expenditures together with all cost of advertising, your interest in said claims will become the property of the subscriber under section 4 of an Act, entitled "An Act to Amend the Mineral Act, 1902." Dated at Ferguson this 16th day of July, 1903. JOSEPH C. KIRK PATRICK.

United Hatters of North America
 THIS IS THE UNION LABEL of the United Hatters of North America. When you are buying a FUR HAT, either soft or stiff, see to it that the genuine UNION LABEL is sewed in it. If a retailer has loose labels in his possession and offers to put one in a hat for you, do not patronize him. He has not any right to have those labels. Loose labels in retail stores are counterfeit. Do not listen to any explanation as to why the hat has no label. The Genuine Union Label is perforated on the four edges exactly the same as a postage stamp. Counterfeits are sometimes perforated on three of the edges, and sometimes only on two. Keep a sharp lookout for the counterfeit. Unprincipled manufacturers are using them in order to get rid of their sea-made hats. The John B. Stetson Co. of Philadelphia, Pa., is non-union concern.

\$3 PER ANNUM. PUBLISHED WEEKLY.
THE MINING WORLD
 The only paper giving attention to British Columbia in the United States.
 A voluminous weekly journal, abundantly newsworthy and informative. The printing is neat and clear, the paper good and the tabular of great interest and vigorously written. The gold mining intelligence is plentiful, carefully collected and discriminatingly presented to the public. Its whole get-up vies for the vast amount of pains that have been taken in its compilation. Supplies exactly what residents in this country as well as the Easterners, whose interests are wrapped up in gold, silver, copper, lead, iron and coal, are desirous of learning in these matters. The contributions from correspondents and the emanations from the editorial brain-pan are always readable, generally terse and to the point.
WILL PUSH BRITISH COLUMBIA INTERESTS
 In the great world's arena of competing claimants for capital. Inquires this year at our head office from interested parties regarding the merits and demerits of Western stocks have been more numerous than ever.
Will Disseminate Exact Information
 Regarding mining ventures, protecting the outside investor from having unpayable properties foisted upon him by unprincipled promoters. Because the people of the province will not heartily support a first-class, bona fide Eastern mining journal of immense influence such information is unavailable at present, and
THAT IS THE WHOLE SECRET
 Of disinterested capital.
 The Mining World must be well received and supported to the extent that an office be maintained here. Send \$3 today and it will be mailed you weekly for one year. Advice on Washington and British Columbia stocks given free. Good prospects written up. Terms from \$30.00 up. Ask for particulars.

POLITICAL POETRY.

(CONTRIBUTED.)
The Kootenayan's knowledge is certainly very deep.
For they told us they would bury the "Old Gang" fathoms deep;
But it looks as if a slide had come and caught them unprepared,
And it wasn't Glory Hallelujah! that all the people heard.
The Liberal checker Carney really must feel sore,
When the Kootenayan sees him biting at the floor.
Well if he really bit it, he must have swallowed all,
For the judgment of the people gave the Chinks a mighty fall.
The prophet said Retallack would be next minister of mines,
But he made the same old blunder he has made so many times,
The knowledge of the editor, we know, is very deep,
But its got to go still further when it finds Bob Green asleep.
After the Ball.

Written by a good Conservative, with humblest apologies to Tennyson. Ring out Wild Bells the same old chime, For another Star has ceased to shine; Poor Sam we all know did his best, But he's weary now and gone to rest. He met Bob Green in the Eagle hall, Both hit the snail and let him fall. If he'd but tried the child to teach And not an M. P.'s seat to reach By his poor Socialist screech, He might have got what was his due, But what he's got he'll always rue. Well, if he's got just what he wants, As he said himself, what can he want?
RING OUT WILD BELLS!

A Novel Warship.

Sweden has added a novel warship to her navy in the form of a vessel for transporting a military balloon, constructed in Augsburg, Germany, for use along the coast in time of war.
This vessel has just made its first trial trip at sea. It is about 120 feet long, and resembles an iron pram barge or lighter. The greater part being given up to the storage and use of the balloon and its accessories. It is towed by a steamer which conveys it from point to point, where it may be hoisted to make an ascension. It also contains the necessary machinery for producing hydrogen and for manoeuvring the balloon. The crew comprises two officers and sixteen sailors.

A recent census taken for the firm, shows that the Krupp Works in Germany employ in all 41,013 persons, of whom 4,046 were classed as managers, clerks, bookkeepers, overseers, etc., and 36,967 as workmen. The total number of persons supported by these works include employees, their wives children and other dependents, was 47,045. The average wages paid last year were 452 marks, or \$1.08 per day.

THE NEW AND ONLY
MAP
OF THIS DISTRICT

Including the Fish Creek camp and Upper Duncun River section, compiled by A. P. Cummins, P. L. S., and S. Shannon, B. A., is now on sale at this office. The ready sale of the map is proving all we have said for it. The Front Lake division is lithographed in black, the Lardau in red, and the Arrowhead in blue. Even a tenderfoot could take a copy of this map and find any claim recorded in the three divisions. The mountains, lakes, creeks, wagon roads, trails, surveyed railway routes, and the location and name (by a unique index) of every mineral claim in the district is shown.

Next to Visiting the Country in Person This Map Takes First Place.

In fact every geographical feature is so well defined that one can see at a glance the nature of our country and the trend of the claim locations gives an intelligible idea of the mineral belts running through the camp. It is certainly

The Best Worth For One Dollar
ever offered in the map line of a mining camp. It is the first complete map of the district and is selling well. It is just what you are looking for. WE ALSO HAVE A FEW MAPS MOUNTED ON LINEN, WITH A GOOD COVER, FOR TRAVELLERS OR PROSPECTORS WHICH SELL AT \$1.50. THESE ARE THE BEST VALUE, AS THEY WILL LAST FOR YEARS.
