LARDER THE EAGLE

IT FILLS THE BILL

Vol. IV, No 52.

Ferguson, B. C., FEBRUARY 5, 1904.

\$2 a Year

THEY HAVE THE LEAD

A Body Of Ore Encountered on The Union Jack, 10 Feet Wide.

The Ore Is Low Grade, But Could Be Shipped Profitably After Concentration.

On the south fork of the Lardau river, three miles from Ferguson, and less than one and a half miles from the Silver Cup reduction works, lies the Union Jack group of eight claims, owned by J. C. Kirkpatrick, Lew Thompson and Harry Carter.

There was a good surface showing, and lots of work has been done, one tunnel being over 300 feet long, but nothing was found of importance up till the present winter. Messrs. Thompson and Kirkpatrick determined to keep a couple of men working all winter, believing there was a good mine in that ground, and being so near town, and at the same time lying between the Nettie L. and Silver Cup mines, the property was well worth more money being spent. Since the snow fell, very good progress has been made, and early in January the main lead was tapped by the crosscut tunnel with good depth under ground. Where the lead was cross cut, it was found to be 10 feet wide, and all ore of rather low grade, only assaying \$30 to the ton. However, there is an abundance of stoping ground, and apparently a great amount of this ore.

The next question is, will the Silver Cup reduction works treat custom ore? Should they be tempted on the completion of their works to contract to treat this ore, good profits ought to be made at mining it.

Mr. Thompson believes that a rich body of ore is near, and that before spring he can show lots of shipping ore, so that the big lead will not need to be handled at present, but wait till transportation is cheaper, and better means are at hand for treating low grade ore.

The Transfer Completed.

Messrs. Hodge, Sutherland, Crilly, Black and Pool returned Tuesday night from Camborne, where they went on Monday to attend a special meeting of the directors of The Great Northern Mines, Limited.

The meeting was for the purpose of taking action on the resolution that was approved by the shareholders of The Ophir-Lado Co., Ltd., at their meeting on the 17th of January, for the sale of their property to the Great Northern Mines, Ltd.

At the meeting on Monday last, the transfer of the property was finally completed.

E. M. Morgan attended the meeting, coming over from Poplar around by Nelson, and returning the same way. The directors did not take time to visit the mine while at Camborne, but had to hurry back to their homes, this being the second trip to Camborne on a similar errand during the month.

British Tariff Enquiry.

Joseph Chamberlains tariff commission was on the 30th of January mailed to all manufacturers appearing in trade directories in the United Kingdom, in an enquiry form with regard to trade conditions as affected by foreign tariffs. The replies to these questions are designed to form the basis of a further inquiry, and verbal testimonies on which the commission intends to formulate a tariff bill which it will submit to the country.

The form contains 11 questions. A page in red ink assures the recipients that their names or replies will be treated confidentially, if so desired. Among the questions are the following: "What is the proportion of your output for the home market?"

"What is the proportion of your output for foreign markets?"

"What is the proportion of your output for colonial markets?"

"What branches of your home trade have suffered from competition?"

"Are any articles similar to those you manufacture imported into your country below your cost prices? Are such articles placed on the British market below the normal cost of production in the country of origin?"

"Is your trade suffering from the adverse competition of foreign countries owing to a difference in wages, hours, etc.?"

"Has your export trade suffered in recent years owing to the tariff of any foreign country? What reduction in the tariff of any foreign country would enable you to compete successfully with that country with commodities made therein similar to those you manufacture?"

"What is your experience with respect to foreign competition in the colonies?"

"In your trade do you suffer from the operation of patent laws or registration laws of other countries?"

Florence Maybrick Released.

Lloyd's Weekly, of London, dated the 31st Jan., says that Mrs. Florence Maybrick, the American woman who was serving a life sentence for having poisoned her husband, was released from the Aylesbury Female Convict Prison at 6.45 o'clock on the morning of January 25, on a special licence. Her mother, the paper says, visited her on Saturday, Jan. 23, and evidently was the bearer of the news. The governor of the prison on Sunday conferred with the prison officials with a view to arranging for the departure of the prisoner, which was carried out.

Mrs. Maybrick, accompanied by one of the prison matrons, entered a closed carriage and drove to Aylesbury station, and from there went to a private home not far from the metropolis. She will remain at the home for a short period, in order to recuperate, to await the completion of certain formalities which will give her freedom of movement not allowed to persons on ordinary ticket-of-leave.

Mrs. Maybrick, the paper concludes, during the last few months in prison, was employed in the lightest work, as a reward for good conduct.

The Associated Press has been unable to confirm the reported release of Mrs. Maybrick.

The Silver Cup Mines, Limited, discharged about 20 men last week, leaving a force of about 29 on development. This partial close down was deemed advisable until the reduction works are completed at Five Mile.

THE BONSPIEL AT REVELSTOKE.

There were 24 Rinks That Took Part. The Affair was Most Successful.

There was a Game of Hockey Friday Night. A Ferguson Player Assisted Revelstoke.

The Revelstoke bonspiel was a big, successful affair, and came to an end Saturday night. The ice was rather soft for good curling, the weather being rather too fine for this purpose, but on the whole, it was considered up to the average for Kootenay bonspiels. There was a large attendance of outside rinks, and a goodly number of visitors were present to witness the games from nearby towns. There were fifteen visiting rinks which took part, and nine home rinks. The visiting rinks were made up as follows:

Calgary: H. F. McLeod, F. C. Adams, S. Savage, F. C. McNeill, skip.

Golden: A. Morgan, P. L. Sinclair, T. King, M. Dainard, skip.

Ashcroft: J. C. Smith, Geo. Ward, Thos. McCosh, A. M. Leitch, skip.

Trout Lake-Ferguson: Noah Abrahamson, F. C. Elliott, J. E. Benson, A. Crawford, skip.

Sandon: McLeod, McIntyre, McMillan, Hall, skip. R. Gordon, F. Ritchie, D. J. McLachlan, N. J. Cavanaugh, skip.

Lyons, Pratt, Cliffe, Grimmett, skip.

Nelson: W. Thurman, D. Booth, B. Walley, J. Fox, skip. Gillett, Longhurst, Wilson, Tamblin, skip.

Rossland: McCraney, Dunyan, Dunlop, Smith, skip. Lamont, Guthrie, Rolfe, Prety, skip. Phipps, Sinns, Runwick, Dunn, skip.

Greenwood: Falconer, Cookson, McMynn, Frith, skip.

Phoenix: Slack, Morrin, McNicol, Crawford, skip.

The Hockey Match.

One of the most interesting features of bonspiel week at Revelstoke was the hockey match between Rossland and the home team. All the available room for the accommodation of visitors was occupied by those who enjoy the sport, and a most interesting and rather clever game of hockey was played, the home team going down to defeat by a score of 8-3. The result was caused not so much by the superiority of the visitors' hockey playing, as the fact that the Revelstoke players had never practiced together before they went in to this game. The home team have excellent material, and with a little practice they should be able to hold their own with anything in the province. The Kootenay Mail in referring to our townsman, Mr. J. E. Benson, of the Imperial Bank, said: "For Revelstoke, Benson was a tower of strength, scoring a goal by a long shot almost the length of the rink. Considering that the home team had never before played together, and that none of the players had had much practice this year, the result is not a great disappointment."

The teams lined up on the ice as follows:

Rossland	Revelstoke
A. G. Layton.....Goal.....	Wickens
Donahue.....Point.....	J. E. Benson
E. Powers.....Cover pl.....	H. McCann
Roy Clothier.....Cover.....	W. Barber
W. R. Hood.....Centre.....	J. Allen
A. W. Grierson.....Rt. wing.....	H. Bews
W. Howarth.....Ll. wing.....	M. Graham

The New Manager.

The newly appointed manager for the Great Western Mining Co., Ltd., and the Silver Cup Mines, Ltd., Mr. A. J. G. Swinney, arrived in Ferguson last week from England, and entered upon his duties at once. An Eagle reporter called on him on Wednesday at his offices in the Great Western block, and found an approachable, agreeable and clear headed gentleman, who, while he has little to say, gives one the impression that he knows a good deal about mining and mining properties.

He did not have much to say about his management, saying the time was premature to say anything for publication, but at the same time he felt that the properties gave promise of a bright future. Referring to the Silver Cup, he said the discharging of part of the force last week was but temporary, and the force would be increased as soon as the reduction works were completed. The men were not really discharged, but the most of them transferred to the company's works at Five Mile. He could not say when the works would be started. That was a matter, he said, that depended too much on conditions that may arise, to enable one to judge with any degree of accuracy. The weather was certainly very good for them.

Another Surprise Party.

On Monday night, a surprise party devised by Mrs. J. C. Smith, of Trout Lake, and consisting of several sleigh loads of young people, drove to Ferguson and dropped in on Mr. and Mrs. S. Dancy. The sleighing and the weather were both delightful, and the parties were enthusiastic, so a very pleasant time was spent. Mr. & Mrs. Dancy have a very comfortable home, and they are good entertainers, and their popularity is wide spread.

The Lanark Group.

Ole Sandberg, of Albert Canyon, Dr. W. E. Newcombe, of Ferguson, and V. M. Westfall & Co., of Trout Lake, have purchased the Lanark group of claims at Laurie. This group consists of fifteen crown granted claims and fractions, and was formerly owned by the Lillooet, Fraser river and Cariboo Gold Fields, Limited. All the buildings on the property, as well as the town of Laurie, are included in the deal. It is stated that the original purchase price of the above group, was \$90,000. From the Isabella claim, the old owners shipped some very rich ore.

Ole Sandberg will be in Ferguson before spring opens, when plans for the development of the property will be arrived at. Nothing will be done until the snow is gone. The Eagle feels safe in predicting that the new proprietary will manage the property with more business ability and success than the Horne-Payne outfit, for the new owners are all good men.

The Lead Bonus.

G. O. Buchanan, of Kaslo, has now in his possession all the necessary blank forms for the distribution of the lead bonus. Claims are to be made under the regulations that came into force on July 1st, 1903, and include all amounts produced up to the end of the month. Full instructions regarding the distribution of the bonus may be had on application.

The Swede Group.

Phil O'Connor brought news from Poplar that the development of the Swede group is meeting with good results. Last week a very fine body of ore was encountered, of a better grade than what has been seen in the last fortnight. The force has also been somewhat increased since room was provided.

ANNUAL MEETING OF LUMBERMEN

Held at Cranbrook, East Kootenay, Last Week. There was a Large Attendance.

The Price of Lumber is Not To Be Raised. Much Business Transacted.

The lumbermen's manufacturing association held their annual meeting at Cranbrook on Monday of last week, says the Cranbrook Herald. There was a large attendance, and a great deal of important business was transacted, but the conference was held behind closed doors. However, for the benefit of the public, it might be stated that nothing was done regarding any increase in prices. This statement is made for the reason that some people imagine there is only one purpose for such meetings, and that is to boost the price of lumber.

The following were the members present:

J. Gennette, Yale-Columbia lumber company, Nakusp; J. B. Billings, Kootenay river lumber company, Nelson; T. Ludgate, Big Bend lumber company, Arrowhead; W. R. Beattie, Arrowhead lumber company, Arrowhead; Hugh Cameron, Moyie lumber company, Moyie; Fred W. Jones, Columbia river company, Golden; Geo. C. Wells, W. C. Wells lumber company, Palisier; L. M. Proctor, Fernie lumber company, Fernie; P. Lund, Crows Nest Pass lumber company, Wardner; D. V. Mott, Elk Lumber company, Fernie; J. A. Dewar, Porto Rico lumber company, Nelson; R. S. Butler and J. R. McLary, Harbor lumber company, Revelstoke; A. Leitch, J. Park, and J. C. Colpman, East Kootenay lumber company, Cranbrook; J. W. Robinson, Robinson-McKeazie lumber company, Cranbrook; M. B. King, Kings Mills, Cranbrook; J. Hanbury and F. Robinson, North Star lumber company, Cranbrook; A. E. Carruthers, Carruthers lumber company, Cranbrook; A. E. Watts, Watts lumber company, Watsburg; C. D. McNab, Stundard lumber company, Cranbrook.

The annual election was held, and the following officers selected: President, A. Leitch; Vice-president, F. W. Jones; Secretary-Treasurer, W. F. Gurd; Executive committee, Geo. C. Wells, J. R. McLary, J. G. Billings, Hugh Cameron, F. C. Colpman, D. V. Mott and M. B. King.

The session lasted throughout the day and until a late hour that evening. It was a straight, businesslike meeting, and matters of direct interest to one of British Columbia's great industries were discussed in a businesslike way. The next meeting will be held at the call of the executive committee.

The Ferguson skating rink is still in its infancy, and we do not know if it will mature before spring or not. If the weather seems too mild to cause rapid growth.

Lardeau Eagle

Published every Friday at Ferguson, B. C.
E. G. WOODWARD,

Subscription Rates: \$2.00 per annum, to any address in America; \$1.25 for six months; \$2.50 a year to foreign addresses. No pay, no paper.

Advertising Rates: Display ads, \$1.00 per single column inch per month. Legal ads, 12 cents per line for each additional insertion. Reading notices 10 cents per line each issue. Sixty days, \$1.00; sixty days, \$1.50; thirty days, \$1.00. No ads. accepted at less than these rates. No room for quick ads.

Four weekly insertions constitutes one month's advertising.

FRIDAY, FEBRUARY 5, 1904.

A CORRECTION.

"The Ferguson Eagle is in error in attributing the editorials which lately appeared in the Mining Record, criticising The Great Northern Mines, to E. Jacobs, the Boundary correspondent of the Mining Record. In his mining news Mr. Jacobs confines himself to facts, and is too much of a gentleman to stab in the dark. Mr. Jacobs has done more, through his correspondence to advertise the resources of British Columbia than any other writer. The editor of the Eagle is perhaps not aware that H. Mortimer-Lamb was editor of the Boundary Creek Times for a few weeks when it was first issued."—Poplar Nugget.

It is certainly quite probable that we were incorrect in attributing the editorial in the B. C. Mining Record to the pen of E. Jacobs, and if so, we are sorry to have brought that gentleman's name in where it had no place. It is news to us to learn that H. Mortimer-Lamb once was editor of the Boundary Creek Times. We knew that Mr. Jacobs once edited that journal, and we knew that he was, at the time our article appeared, a writer on the Mining Record; hence our wrong conclusion.

The paragraph in the Mining Record that led us astray more than anything else, was as follows:

"Did not the present scribe when editing a weekly newspaper in the Boundary in the early days meet with scepticism enough to turn his hair gray."

LOCAL MEN TO THE FORE.

It looks as if there would be a great deal of activity in Lardeau mining circles next season. The district is as yet sparsely populated, and still we have a fair number of men who, though they have not large means for speculation, are yet willing to take a chance. Such chances, wisely pre-considered, have in the past proven of immense profit to the individuals. The chances that one takes in the Lardeau are not so great as in most mining camps; that is, in respect to the mining properties, the management being, however, another thing. It seems as if one takes as great a chance in the matter of one's associates and with the management as with the property.

A number of valuable properties that have been partly developed, and on which nothing has been done for several years, have been purchased by men who mean to make a turn-over quickly, and work will be started just as soon as the snow is gone sufficiently to permit of this being

done. We have particularly in mind the "Alpha" group behind Ferguson and the "Lanark" group at Laurie. Our remarks apply in part also to other properties near at hand which will be worked.

Then there has hardly been a fortnight pass since the snow fell that a deal of large proportions has not been put through, and the majority of them on properties situated somewhere in the great Lardeau mineral belt, and mostly for free milling gold properties. Many of these deals were put through by local men.

EDITORIAL NOTES.

The British parliament opened on the second inst., and the session is looked forward to with great interest, not only in England but all over the world. The reason why the session will be so important, is because people are very much interested to learn what changes, if any, in the fiscal policy of the country will be attempted, for the question is bound to be brought up in the house. The government will have a more united opposition to face in the liberal party than for several years, and this, together with the dissensions in the conservative party, would give a united Irish party chance to secure the passage of legislation to suit them. Many expect the Balfour government to be put to sore straits before the session is over, for it is believed that Chamberlain has a secret treaty with Balfour, and that some tariff amendments will be introduced.

The Rosland Miner issued a special illustrated supplement of the Lardeau country this week. W. B. Pool's portrait is produced, and a good likeness it is. The history of the Lardeau country is given very fully, and the supplement is a most creditable production.

INTERNATIONAL CORRESPONDENCE SCHOOLS.

MR. HARPER, one of the I. C. S. Representatives for this district, will be in Ferguson in a few days. Anybody wishing an interview re any of the following courses, will find him at the Ferguson Hotel:

- Mechanical Engineer.

United Hatters of North America

THIS IS THE UNION LABEL of the United Hatters of North America. When you are buying a PUR HAT, either soft or stiff, see to it that the genuine UNION LABEL is sewed in it. If a retailer has loose labels in his possession and offers to put one in a hat for you, do not patronize him. He has not any right to have loose labels. Loose labels in retail stores are counterfeit. Do not listen to any explanation as to why the hat has no label. The Genuine Union Label is on a postage stamp. Counterfeits are sometimes perforated on three of the edges, and sometimes only on two. Keep a sharp lookout for the counterfeits. Unprincipled manufacturers are using them in order to get rid of their seal-made hats. The John B. Stetson Co. of Philadelphia, Pa. is non-union concern.

Certificate of Incorporation.

I HEREBY CERTIFY, that "The Great Northern Mines, Limited," has this day been incorporated under the Companies Act, 1887, as a Limited Company, with a capital of one million five hundred thousand dollars, divided into one million five hundred thousand shares of one dollar (\$1) each.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 11th day of November, one thousand nine hundred and ten.

S. Y. WOODTON, Registrar of Joint Stock Companies.

The following are the objects for which the Company has been incorporated:—

1. To release the property of "The Ophir Lode Mining Syndicate, Limited," and to purchase the following mineral claims, viz., the "Starbuck," "Lucky Three," "Little Phil," "Lucky Jack," "Lucky Seven," "Lucky Ten," and all situated in the Trout Lake Mining Division of West Kootenay District; and also to purchase lease, hold, locate or otherwise acquire any mineral claims, mineral lands, mines, prospects, leases, lodes, locates or other interests of British Columbia or elsewhere, and to pay for the same either in money or in fully paid-up shares of the Company, or partly in money and partly in such shares, and to sell, lease or otherwise dispose of the same in any manner or interest therein.

2. To buy, raise, crush, wash, smelt, assay, treat, reduce, amalgamate and otherwise refine gold, silver, copper, lead ores or deposits and other minerals and metallic substances and compounds of all kinds, whether belonging to the Company or not, and to render the same merchantable, and to buy, sell and deal in the same in any manner or interest therein.

3. To carry on the business of a mining, smelting, milling and refining company in all or any of its branches.

4. To acquire by purchase, lease, hire, exchange or otherwise, timber lands or leases, timber claims, licenses to cut timber, surface villages, mills, factories, tramways or other works, water rights and rights of way, water courses, aqueducts, wells, wharves, the furnaces, and other crushing works, and smelting works, concentrating works, hydraulic works, electric works and appliances, warehouses, buildings, machinery, and other works and other works and conveniences which may seem necessary to the carrying on of the Company's business and with the consent of the shareholders at a general meeting, to contribute to, subsidize, or otherwise aid in any part in such operations, though constructed and maintained by any other company or persons outside of the property of the Company, and to buy, sell, lease, mortgage, convey, or otherwise dispose of the same.

5. To take, acquire, own and hold as the consideration for ores, metals or minerals sold or otherwise disposed of, or for goods supplied or debentures, bonds or other securities of or any other company, the objects of which are authorized to carry on any business and to sell or otherwise dispose of the same.

6. To enter into any arrangement for sharing profits, union of interests, or co-operation with any other person or company, carrying on, or authorized to carry on, any business or transaction similar to that which this Company is authorized to carry on.

7. To purchase or otherwise acquire and undertake or any of the assets, business, property, privileges, contracts, rights, obligations and liabilities of any person or company carrying on any part of the business of the Company, specially limited under said section 7, or to borrow or raise money for the purpose thereof or for any other purpose.

8. To borrow or raise money for the purpose thereof or for any other purpose, and to mortgage or charge the undertaking or all or any part of the property of the Company, present or after acquired, and to execute, make, draw, accept and negotiate perpetual or redeemable debentures or debentures, promissory notes, bills of exchange, bills of lading, warrants, obligations and other negotiable and transferable instruments.

9. To distribute any of the property of the Company among its members.

10. To sell, improve, manage, develop, exchange, lease, mortgage, dispose of, turn to account, or otherwise deal with the undertaking, or the whole or any part of the property and assets of any company, the shares of which are restricted as aforesaid or otherwise.

11. To do all such other things as are incidental or conducive to the attainment of the foregoing objects.

Dec. 18.

Certificate of Improvements.

NOTE.

Gold Hill and Goldsmith Mineral Claims, situated in the Trout Lake Mining Division of West Kootenay District.

Where located—on Poplar Creek about one mile from the railway.

Take Notice that I, Robert Hodge, acting as agent for W. B. Ford, Free Miner's Certificate No. B. 7177, intend, sixty days from the date hereof, to apply to the Mining Recorder for Certificates of Improvements, for the purpose of obtaining Crown Grants of the above claims.

Certificate of Improvements.

NOTE.

Goldseer Fractional Mining Claim, situated in the Trout Lake Mining Division of West Kootenay District.

Where located—on Silver Cup Hill.

Take Notice, that I, Geo. S. McCarter, Agent for Alfred G. Kirby, Free Miner's Certificate No. B. 67623, intend, sixty days from the date hereof, to apply to the Mining Recorder for Certificates of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issue of such Certificate of Improvements.

Dated this 22nd day of November, A.D. 1901.

Geo. S. McCarter

Certificate of Improvements.

NOTE.

Goodenough, Goodenough No. 1, Goodenough No. 2.

Where located—at the head of the North Fork of Lardreau Creek, Trout Lake Mining Division of West Kootenay District.

Take notice that I, Wm. E. Devereux, acting as agent for J. J. Ross, Esq., F. M. C., No. B. 7269, intend, sixty days from the date hereof, to apply to the Mining Recorder for Certificates of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action, under section 37, must be commenced before the issue of such Certificate of Improvements.

Dated this 20th October, 1901.

Wm. E. Devereux, F.L.S.

Mines and Minerals. There is only one best mining journal. That is Mines and Minerals. It has a larger circulation than any two other American mining journals because it is the best. It is the largest, best illustrated and handsomest mining journal in the world. It is a mining paper for mining men. Subscription price \$2.00 per year. Send for free sample copy. Address MINES AND MINERALS, Scranton, Pa., U. S. A. Denver office, Barth Bldg., Denver, Colorado.

Local and General.

The Ferguson skating rink is a poor affair.

A. G. Fraser moved into Trout Lake Sunday night.

What was all the trouble about at Beaton, anyway?

Ed. Ward has returned to town from the Silver Cup mine.

John Thatcher has gone to Rossland for a few weeks' visit.

Mr. and Mrs. Woodward spent Monday afternoon at Trout Lake City.

J. C. Murray, of the Trout Lake Topic, was in Ferguson yesterday.

Phil O'Connor and Monte Morgan were visitors to Ferguson Thursday.

A basket social was held at Trout Lake on Friday last in aid of the hospital.

Frank Abye, of Trout Lake, exercised his trotter as far as Ferguson on Thursday, last week.

It is said that there are 3,000,000 tons of ore in sight in the Mother Lode and Snowshoe mines.

The most popular amusement these days is driving to Trout Lake and skating on the new rink.

A sheet and pillow case ball was held at Trout Lake last night, to assist in procuring linen for the hospital.

About twelve inches of snow fell during the last 48 hours, and the navigation of Trout Lake is getting difficult.

John Houston, M.L.A., is after the government with "daggerdrawn," and some of his thrusts have been rather vicious.

The timber inspector visited camp the first of the week, and went out with a pocket full of money, collected for stumpage.

On account of a change in the time of running of the boat from Arrowhead to Beaton, the mail arrives at Ferguson 18 hours late.

Whitaker Wright's death was caused by suicide, he having taken a dose of cyanide of potassium, rather than go to the penitentiary.

Chas. Peterson and family have gone to Ymir to spend the balance of the winter. They will return to Ferguson when the season opens.

W. B. Pool and Vince Lade were out to Vancouver last week, but returned for the meeting of the Great Northern Mines, Ltd., on Monday.

Louis Gillier, a saloon man of Jaffray, East Kootenay, shot and killed John McGeo on Monday night last. Gillier's wife figured in the affair.

Monday last was the opening day of the convention of the Liberal-Conservative Union of B. C., held at Victoria. Ferguson was not represented.

There was a shocking train wreck on the big hill near Field a week ago, wherein John Ladner, engineer, and Elmslie the fireman were instantly killed.

The new saw mill at Trout Lake is inclosed and is a fine structure. A number of men are engaged at installing machinery. Some of the heavier machinery has not been received yet. The mill will not do any sawing until spring.

The story of the Boundary country, as told in the special illustrated issue, in magazine form, of the Phoenix Pioneer just to hand is well written and interesting. Typographically, the issue is splendid, and the illustrations are good.

Orange Hamilton was in town during the week to receive a payment of \$2,000 on the purchase price of his interest in the Lucky Jack group at Poplar, from B. Crilly. It was reported that Mr. Hamilton and E. T. Bury had purchased the Balmoral hotel, but we have no definite information as to this.

A Finance Commission.

The Legislative Assembly had under consideration during the past week the setting aside of \$5,000 to provide for a commission to enquire into the finances and taxation of the province. There is a heavy indebtedness, which consumes a large part of the revenue to pay the interest, and leaving an insufficient sum to most current expenses. The increase of taxation and decrease in expenditure brought about by the McBride administration is said to be proving quite successful, but many feel that a commission of enquiry is necessary.

Locals With a Paystreak.

Old papers for sale, 25 cents per hundred, at EAGLE office.

It pays to use the telephone. A trip can often be saved to Trout Lake, Beaton, Arrowhead or Comaplix by using the phone. Office in Cummins & Co.'s store.
