the source of Suy. The ambituous little brown men who cut such a swell figure in the National celebration on Saturday last are not satisfied with the laurels earned on that occasion. They will en-deavor to join the National Guard of Cali-fornia

The feast of St. Peter was celebrated with impressive services at St. Peter's Church yes-terday. Rev. P. C. Yorke preached a sermon, in which he pointed out the necessity of an authoritative head in spiritual as well as in civil and temporal matters.

NEW TO-DAY.

I was a sufferer for eight years from Eczema, but now am entirely cured. The paims of my hands were covered and badly inflamed; little white blisters appeared, then would peel off, leaving a red, smooth sufface, which would burn like fire and itch. On the inside of the upper part of my limbs, great red blotches would appear, and as soon as I became warm, the burning and itch-ing would begin. Night after night I would lie awake and scratch, and almost go wild. I got a box of CUTICURA, and a bottle of CUTICURA RE-SOLVENT, and after a few applications I neticed the redness and inflammation disappear; before I had used one box there was not a sign of Eczema left. I can truthfully assert that §2.00 worth of CUTICURA REMEDIES cured me. JOHN D. PORTE, Pittsburg, Pa. was a sufferer for eight years fro

William D. Flinn, Who Has Been Appointed to West Point by Congressman Maguire.

On the 13th of June the fifteen survivors

of the British sealing schooper Catherine, which foundered at sea off the Japan coast, arrived at Hagodate.

While on her way from Hakodate to Yokohama recently the cruiser was given a speed trial under natural and ran for a speed trial under natural and ran for four hours logging an average of 20.4 knots an hour. The British cruiser Cen-turian recently had a trial run of four hours, developing a speed of a little over 18 knots an hour. Both vessels are the flag-ships of the United States and English soundrose respectively

squadrons respectively. The German ship Christine arrived in this port yesterday, sixty-four days from Sydney, N. S. W., being twenty days slower than on her former trip.

slower than on her former trip. Nothing of any importance occurred on her voyage until last Friday afternoon, when she reached a point about forty miles northerly from Point Reyes. There she was sighted by the steamer Mineola headed toward the shore under a full spread of canvas. A heavy fog was on the sea and Captain Warneke of the Christine was evidently away off his heading. The was evidently away off his bearings. The Mineola sounded a warning blast with her The whistle and signaled in the international code, "Breakers ahead of you," and in-structed the ship to steer wide of the land. The Christine answered and changed

The Christine answered and changed ber course. The two vessels ran on the same course, the steamer gradually draw-ing away from the sailer. Suddenly the ship was observed to haul her wind and head again for the shore. Captain Pillsbury again warned the ship of dancer and the signal was answered. Presently the fog hid both vessels, but the steamer turned and sought out the Chris-tine, and found her when the fog lifted about a mile from the breakers. The Min-eola steamed in close to the ship and gave her the true course. Her captain must have followed these instructions faithfully, as his vessel arrived safely in port.
