FOURTH CAVALRY DUTY.

Good Work in Protecting Forests of the Sierra Region.

THE BERKELEY BATTALION.

Lieutenant Winn, U. S. A., Expects a Large Enrollment of Students.

The practice march of the First United States Infantry to Santa Cruz and return is now the talk of the garrisons at Angel Island and Benicia.

Seven companies of the regiment, four from Angel Island and three from Benicia barracks, will compose the marching column.

On the march the commissary department will be well supplied with subsistence for the troops, and the farmers on the route of the expedition will not be required to put extra guards on their poultry yards and orchards.

First Lieutenant F. L. Winn, Twelfth United States Infantry, who is on duty as military instructor at the University of California, expects a large enrollment at the next college term.

Lieutenant Winn is anxious that this line of study should become popular at Berkeley, and holds that special advantages are presented for studies in engineering and artillery.

At Stanford University military instruction was recognized for a short time, but it was neglected or abandoned because it was not a requirement of that institution.

The light batteries of the Fifth Artillery have returned from the long practice march and are now resting at the Presidio.

At Santa Cruz Benjamin H. Barlow, Light Battery D, was tried by a court-martial for making threats of violence against a non-commissioned officer, and was sentenced to be dishonorably discharged.

Surgeon-General Sternberg has returned to Washington, having made a summer jaunt across the continent.

The third athletic field day exercises, in accordance with orders, recently took place at Angel Island, and Company C, First Infantry, carried away the honors for the third time.

The contractor on the work of filling in the Presidio marsh has forty teams employed. The eight-hour requirement is observed. The task should be completed early in December.

The contractor for building the new brick barracks has men at work excavating for the foundation.

PACIFIC CRICKETERS WIN.

In a Close Contest They Defeat Alameda by Just Six Runs.

California-Bohemia Match at Golden Gate Results in a Walkover for Bohemia.

Those who congregated at the Alameda Cricket ground yesterday to witness the contest between the Alameda and Pacific clubs looked for a close game.

Winning the toss Captain Hogne of the Alamedas sent his opponents in. The first few wickets fell with alarming rapidity, Wise and Pocock being the only men to make anything of a stand.

Then George Wiseman, on whom there is no figuring, took center and proceeded to do yeoman service. He carried the bat for a well earned 48, which contribution to the side's total of 124 was the feature of the game.

Then the Alamedas went in, headed by their veteran chief, Randall. Before he succumbed to one of Richardson's best former aggregated a formidable 47. Two wickets fell for 60 and the hopes of their antagonists fell at the outlook.

The excitement reached its zenith when, at the fall of the ninth wicket, only eight runs were needed to pass the Pacific's score. Two of these were made when H. Bird sent up a skyer, which Richardson was some spectators in the galleries.

Then the Bohemians were engaged in defeating the Californians at Golden Gate. Although they succeeded in it is evident the weaker side made an excellent fight and their 89 runs, mainly contributed to by Townsend, Van Norden and Jones, was considering the bowling, a very creditable performance.

The conquering team was chiefly indebted to Doc Bowditch, who put together 57 with his usual careful play to Foster, Reeves and the ever reliable Captain Robertson. They came out ahead by over a century. The full scores were as follows:

ST. PAUL'S NEW HOUSE OF WORSHIP.

It Will Be a Structure of Rare Architectural Beauty.

WORK ALREADY BEGUN.

The Sacred Meeting Place Will Cost Complete Something Over \$15,000.

HISTORY OF THE ORGANIZATION.

Bishop Nichols Will Officiate at the Laying of the Cornerstone August 23.

In a few weeks, probably not later than the first of the month, the congregation of St. Paul's Church, California street, near Steiner, will be ushered into a new house of worship, an edifice of rare architectural design and beauty.

Work on the new structure has been in progress for some time, but so quietly have the trustees proceeded that few outside of those directly concerned knew that such a move was contemplated.

From that time on the Imperials failed to get a man around the bases, and how Monahan scored the winning run has already been told.

Following is the official score: SAN FRANCISCO. A. B. R. E. S. P. O. A. E. Entered base. Hits. Runs. Bases. Errors. Sacrifices. Stolen bases. Total.

Imperials. A. B. R. E. S. P. O. A. E. Entered base. Hits. Runs. Bases. Errors. Sacrifices. Stolen bases. Total.

It had been expected that a game would take place between the Stockton team and the All-California team from San Francisco, but at the last moment the arrangements failed.

MR. MONAHAN'S MONKEY-SHINES.

They Won a Ball-Game for the San Francisco Team.

A TEN-INNING CONTEST.

Excellent Showing Made by Most of the Players Who Participated.

EIGHT TO SEVEN THE SCORE.

Costly Errors by Two of Their Outfielders Lost the Game for the Imperials.

There was a game of ball worth going miles to see played at the Polson-street grounds yesterday afternoon. For nine innings the San Franciscos and the Imperials played as though their lives depended on the result, but struggle as they would, neither could obtain a decided advantage over the other.

At the beginning of the extra inning Monahan, formerly of the Pacific, "Poo-bah" Blake's latest addition to his coterie Kelly wasted two chances trying to fool the little infielder.

In the last half of the tenth the Imperials went out in one, two, three order. The San Franciscos and the Imperials are very evenly matched, and the game they put up yesterday was as good as any one could ask.

Pete Sweeney seems to be regaining his old-time form and put up a game at third that it would be hard to duplicate anywhere. Not a single error was made by the Imperial infield, and, in fact, but two were chargeable to the entire team.

The San Franciscos were first at bat, and they earned a run in the first inning. Smith was the initial batter and lined out a single over the shortstop's head.

Leonard, r. f., made a fine play on Monahan's single. The Imperials in their half saw the one and went it two better. Nealon hit safely, Bliss flew out, Green got a base on balls and Creamer got to first on a missed third strike, filling the bases.

In the second inning, after one out, Leonard got a base for being hit by a pitched ball. Scott hit safely. Cooney went out on an infield hit. Smith rapped out a long fly to center, which Nealon dropped, and Leonard scored.

Work on the new structure has been in progress for some time, but so quietly have the trustees proceeded that few outside of those directly concerned knew that such a move was contemplated.

AN ARCHBISHOP'S ADVICE.

Most Reverend Redwood of New Zealand Talks of the Salvation of the Soul.

The Most Reverend Archbishop Redwood, S. M., of Auckland, New Zealand, preached yesterday forenoon in Notre Dame des Victoires, the French Catholic church on Bush street, near Stockton. His subject was "Salvation of the Soul."

The soul, he said, is what makes the man. It will not perish; it is immortal, and in that particular it is like God. The salvation of the soul is the most important business any one can have to do in this world.
