### SOCIALISTS IN PUBLIC PROTEST.

An Enthusiastic Mass-Meeting Held at Metropolitan Temple.

ARRESTS

DENOUNCED.

Audience Cheers a Declaration in Favor of Continuing Street Meetings.

POLICE ARE NOT TO BLAME.

They Simply Obeyed the Orders of Monopolists Opposed to Socialistic Principles.

The auditorium of Metropolitan Temple was crowded last evening and the gallery reasonably well filted in answer to the call of the Socialist Labor party, to enter protest against the recent arrests of the speakers of that party on the streets.

G. B. Benham presided and called the meeting to order. Mr. Benham said: "For several years the most outrageous arrests of street speakers have been made in this City. It is for the purpose of calling your attention to these outrageous arrests and of giving expression to our condemnation of them and of setting up our rights under the constitution of the United States that we have come together here. A few evenings ago a speaker at the cor-ner of Sixth and Folsom streets was discussing before a small crowd some of the most absorbing questions of the time. A policeman heard it above the swash of steam beer and arrested the speaker. Other men similarly engaged have been arrested on the water front and others taken from their homes on Sunday morn-

taken from their homes on Sunday morning. We feel that it is time that we should make a protest. Members of the Free Press Defense Association and members of the Trade and Labor Alliance, have offered to lend us their aid."

Miss Aspben, accompanying herself on the violin, sang "The Song That Reached My Heart," which was loudly encored. George Aspben, one of the men who were arrested on the street for speaking, gave a recitation from Pope's "Essay on Man." George Speed, one of the men under arrest, was introduced and said: "I will not speak to you on the legal phases of the case, as I know nothing of it, What I know is that the constitution of this country guarantees to every American citizen try guarantees to every American citizen the right of free speech. Every other party is granted every privilege in this re-gard. Merchants ring bells and beat pans to attract customers into their stores and there is no protest. In Ruode Island I notice that the officials take particular pains to arrest the single taxers. Here they single out the Socialists. The police force is employed to see that the law is observed.

there is no protest. In Rnode Island I notice that the officials take particalar pains to arrest the single taxers. Here they single out the Socialists. The police force is employed to see that the law is observed.

"The fact is they are the first to break the law. I wish to say as one who was arrested that I propose to speak on the street; it is the duty or every man to do it. [Applause.] On that Saturday night at Seventh and Market streets, when we were getting ready to erect our platform, a policeman came along and asked us what we were going to do there, and before he got his answer he said we had better move on. I told him we were going to meet right there. He said, 'We'll see,' and he ran away and in a few minutes the patrol wagon came along and hustled us to the lockup. But we are going to speak again, and speak again on the street. It is insult to injury to tell us to hire a hall. We have no money. They won't let us work and earn money and we can't hire a hall. "The police are a lot of blackmailers. At a meeting the other night a lady heard a policeman say: 'Here comes the bomb-throwers.' She said: 'If there are any bombs to be thrown it is you and the likes of you who will throw them.' No.

any bombs to be thrown it is you and the likes of you who will throw them.' No, my friends, the public-street meetings of the Socialist Labor party will continue."

Chairman Benham next introduced G. Haskell, the attorney who is engaged in the defense of the men arrested. He said he was not a Socialist, but was in the halfway house—a Populist. He declared he was going to win this case—there was no doubt of it. He had all the law—and more

than that, the constitution—on his side.

He did not believe the police officers
were to be condemned individually; they were wage-earners and brave men, and were in making these arrests simply doing what they were ordered to do. As for Chief Crowley, he also, he said, was an honest man and a wage-earner, and in ordering his men to make the arrests he was simply doing what he himself had been ordered to do by the millionaires who own the whole outfit. The speaker read the constitution guar-

anteeing free speech at all times and places, and forbidding forever the enactment of any law restraining, limiting or abridging that right. He also read the City ordinance touching the subject, requiring men to "move on" when at any time they obstruct traffic, "except it be a public meeting."

The speaker said the information under which the arrests had been made had de-clared that the gatherings which the men were addressing were not "public meetings." This, he said, was too ridiculous to dwell upon. [Laughter.] The fact is, when the people assemble to express their when the people assemble to express their sentiments upon any subject the Market-street cars must stop and wait if they are in the way. [Applause.] The police say they would not interfere if the meetings were held at some place where it would not interfere with other people. Well, the police nor anybody else have to be consulted as to where public meetings are to be held. If it was held in a loft, where, possibly, it would not interfere, it would then not be a public meeting. [Laughter.]

"We had to bring suit against the officers," said the speaker, "becaue we could not get at the real power behind them. We will convict the policemen and then

We will convict the policemen, and then ask the Judge to fine them four bits, just ask the Judge to fine them four bits, just as a lesson, teaching them not to interfere again with the people when gathered in public meeting. Just watch the papers to-morrow and see how we do 'em up."

[Applause.] Chairman Benham now announced that

street meetings would be continued, as follows, "until the doctrines of the Socialist Labor party should be adopted in the United States or until the socialists had all died off":

Monday evening, at Pine and K streets. Tuesday evening, at Sixth and Folsom streets. Wednesday evening, at Fourth and Howard

reets. Thursday evening, at Ninth and Howard streets. Thursday evening, at Sixth and Folsom streets. Friday evening, at Page and Market streets. Saturday evening, Seventh and Market streets. [Applause.] Sunday evening, at Market street and Grant

Indoor meetings will be held on Sunday afternoon at 909 Market street; Wednes-day evening in the Temple on Turk street, and Thursday evening at 970 Folsom

be said these times that did not touch upon politics—all questions were political; this question was particularly a political

The following resolution was adopted with a tiger:
WHEREAS, The recent arrest of street speakers has become common and continuous, con-trary to all fundamental and just law, we, the citizens of San Francisco, in mass-meeting as-

Resolve That we denounce as outrageous and unlawful the above-mentioned arrests and express our detestation of the continued judicial acts in arraigning, convicting and sentencing innocent persons illegally interfered with while exercising their constitutional right of free Speech.

All persons sympathizing with the opposition to the arrests were invited to be present at the hearing in Judge Conlan's court this morning at 11 o'clock.

ACKNOWLEDGED HER SHAME

Suit for Divorce by a Husband Whose Wife Boasts of Her Wrongdoing.

Three months ago Oscar F. Bernard, conductor of the Mission-street electric line, tried to kill S. A. Erwin, a motor-man of the San Mateo Electric Railway. He shot at Erwin as he sat in a Missionstreet restaurant, but failed to inflict a serious wound. Bernard claimed that his intended victim had alienated the affec-

intended victim had alienated the affections of his wife, who was employed as a typewriter by the Revere Rubber Company. Yesterday Bernard filed a suit for divorce, alteging infidelity on the part or Mae W. Bernard, and naming Erwin as co-respondent.

Behind the suit there is a tale of shamelessness that is not often evidenced by even a thoroughly depraved woman. After the encounter between her husband and her companion in crime, Mrs. Bernard refused to live with the former, although he was willing to forgive her indiscretions. She left her home, lost her position, and has since written to her husband acknowledging her shame and advising him to get a divorce.

In her letter Mrs. Bernard not only acknowledged having been unduly intimate with Erwin, but told him of other times and places at which she had dishonored him, and gave him the names of

her companions.

Bernard has taken his wife's advice and made application for a divorce.

### ABOUT THE NEW CHARTER

John M. Reynolds Expresses Himself in an Open Letter.

It Should Not Be Accepted Simply Because the City Government Is Bad.

The following communication anent the new charter has been submitted for publication by John M. Reynolds:

Every citizen should thoughtfully consider laws that are presented to him for acceptance or rejection. The proposed new charter is now one of the most important issues before the people of this City. It should not be accepted as a good thing simply because the City government is not now satisfactory and it should be rejected if it, in itself, is bad.

Frank McCoppin very recently clearly outlined the methods adopted in medleval times of selecting officers for towns. He said in his speech before the Richmond District Improvement Club: "An acceptable system of town government was practiced in a way that we might upon occasion imitate with profit to ourselves.

Mr. Frank McCoppin quotes from Lecky's "Democracy and Liberty": "There can be no question that one of the most prolific sources of official corruption and incompetency lies in the multiplication of elective offices."

Mr. McCoppin selected a very unfortunate authority, since it is well known that Lecky declares against a government of the people, claiming that popular government is a fallure, and in support of his contention he cites the many instances of flagrant corruption in American cites. It is to be expected that the conclusions of a cynic would be opposed to the ideas of a tree people. Such is the authority used to lead the people into a scheme for the overthrowing of their dearly bought liberties.

erties.

Undoubtedly the sentence quoted is partially correct. The opponents of the proposed charter acquiesce in the proposition of curtailing the number of candidates for office upon the ballots. Most of us agree that because of this men who are incompetent and possibly unworthy are likely to succeed. We do not arrow that more men, should be elected. gue that more men should be elected in order to get good government, but we do insist that all those who are elected shall be always subject to discharge by the people when they go wrong. The men who are elected under the new charter can be just as correct. new charter can be just as corrupt as men who are now elected, and the charter gives the pco-

wrong. The men who are elected under the new charter can be just as corrupt as men who are now elected, and the charter gives the people no redress.

To prove that the mayors, supervisors, etc., are likely to be corrupted under the new charter, we need not go outside of the volume quoted (Lecky), who portrays the venality of American officials. To prove further that the system found in the proposed charter is not effective, let me quote L'slic's Weekly of July 23, 1896, which shows how similar charters are operating. Itsays: "It is stated by one of our newspapers that in a single week recently the trolley cars of Brooklyn violated the city ordinances more than 600 times. It is added that these corporations pay no sort of attention to the ordinances; " " and this, in fact, may be said of similar companies in all our large cities. " " The corporations are coming to own most of our municipalities. " " As a rule, no municipal administration undertakes to enforce existing laws against these defiant corporations."

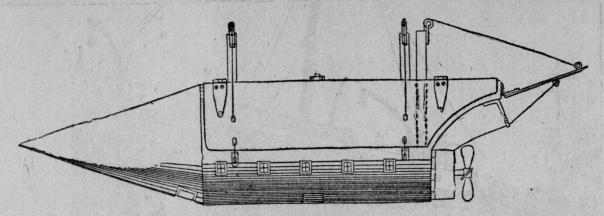

So it seems the system which Mr. McCoppin attempts to defend is discredited by the testimony of his own authority, who declares the cities are corrupt, and by a conservative journal which is in a position to know the condition of affairs in the larger cities.

It would be difficult to bring stronger proof in tavor of our contention that one of the things needed is that the officials shall truly be made responsible to the people and that the people shall have the power to depose the men who are unsatisfactory. It is because the proposed charter is based upon the contrary principle of one-man power (Irresponsible as we have now) that the charter is opposed.

We also point to private corporations, and contend that they show that whenever the private corporation is dominated by one man or a few men then the interest of the average stockholder is unsafe. So it would be with San Francisco. One-man power or representative power when not subject to the power of the faults of the proposed charter that it contains n

Plaint of the Shoeman.

"Talk about the street rail ways losing by "Talk about the street rail ways losing by the advent of the bicycle," says a shoe salesman, "I think it is the shoe manufacturers. Of course, there is a demand for bicycle shoes, and that practically opens a new market; but it must be a limited market when it is considered that one pair of such shoes will outlast three pairs of ordinary foot-coverings, not because the shoes are better, but because they are not subjected to the souffling wear of the others. People ride to and from their work all the time now where they formerly walked, or on bad days rode in the cars. If a person wants to go around the corner he will get on his wheel instead of walking, as he once did. It is these The chairman now called upon James H. Barry, who, he said, had promised to address the meeting, but voices from near the door said that Mr. Barry had gone out. E. T. Kingsley followed in a long speech, which drifted along the lines of socialistic doctrines. The speaker said nothing could

The red council chamber of Golden Gate Asylum, on Sutter street, was brilliant with emblems, banners and trappings appropriate to the occasion, and the officers and Knikhts were in full uniform, adding splendor to the beautiful surroundings.

Golden Gate Commandery opened for the transaction of business, after which California and Oakland commanderse arrived and were welcomed with knightly courtesy. When all were assembled Eminent Grand Commander Trobridge H. Ward, accompanied by his staff, numbering about a dozen officers in brilliant uniforms, was received, and in the subsequent proceedings occupied a prominent position. The beautiful and impressive work, which was divided into three sections, was signed to Oakland Comfandery under Eminent Edward H. Morgan. California Commandery took up the second part and was in charge of Eminent E. C. Martin, while Eminent C. H. Murphy with Golden Gate Commandery finished the work. It was a most unusual proceeding for three bodies to thus work at one time, but the results proved most favorable, as the members of each commandery carefully noted the work of the others, and as all were placed on their mettle the esprit decorps to favore the superior manner in which they were rendered.

When the feast was announced as being ready the Red Knights marched with military tread to the banquet hail, where, with the wourtesy that distinguishes every true knight, the members of the Golden Gate Commandery present graded for the superior manner in which they were rendered.

The Atlantic and Pacific Aerial Navigation Company has been incorporated to navigate the air and to carry mail, freight and passengers between San Francisco and New York in thirty hours.

The capital stock of the company is fixed at \$1,000,000 or \$1 a share, to make it popular. The inventor, Dr. C. A. Smith of this City, is the president; I. J. Truman, vice-president; Edward Foster, treasurer; M. A. Terry, secretary, and G. T. Gaden. These constitute the board of directors.

Dr. Smith studied the flight of seagulls for a long time before he conceived the idea of his machine. The motive power will be gasoline or electricity working a rear vertical propeller and a pair of wings. The body of the airship will be of aluminum and will be rendered buoyant by an air-tight chamber of hydrogen gas. The machine, as the illustration shows, will have a conical bow and a cylindrical body. It is claimed by the inventor that the ship will have a velocity of 100 miles an hour in a calm or 40 miles against an average wind. It will be so buoyant that

Francisco next July. Such was the news which the delegates to the International Christian Endeavor Convencion held at Washington, D. C., last month, brought back to the Golden Gate Union of Chris-

Washington, D. C., last month, brought back to the Golden Gate Union of Christian Endeavor.

The Endeavorers of San Francisco and Oakland held one mass-meeting to celebrate the bringing of the great convention West on August 6, in the Central M. E. Church and the enthusiasm which was streets of Sausalito on the hill and down to the front.

When this is accomplished Sausalito on the hill and down on the first streets of Sausalito on the hill and down to the front.

When this is accomplished Sausalito on the hill and down on the first streets of Sausalito on the hill and down to the front.

The Endeavorers of San Francisco and Sausalito on the hill and down to the first streets of Sausalito on the hill and down to the first streets of Sausalito on the first streets of Sausalito o manifest there gave full evidence of the intense interest which the Endeavorers have in the coming convention.

As all the delegates attending the Wash ington convention have now returned, on the bay at the festivity will be splenarrangements have been made to hold a didly illuminated. Nothing, however, still larger mass-meeting to accommodate will be definitely decided until the meetstill larger mass-meeting to accommodate the hundreds who were unable to attend the previous one and to give the Endeavorers a chance to hear reports from the dele-

gates who have since returned.

Great preparations are being made by Lester B. Smith, the chairman of the mass-meeting to have this the largest and best meeting which the Endeavorers have

held.

The mass-meeting will be held at Plymouth Congregational Church to-morrow evening at 7:45 o'clock and will be under the auspices of the Young People's Society of Plymouth Church. One of the special features of the evening will be an address on "San Francisco, '97," by J. S. Webster, vice-chairman of the convention compittee of '97. Webster, vice-chairman of the convention committee of '97. Mr. Webster will tell what will have to be done in the way of preparing for this convention and what the convention will do for the City.

Rev. William Rader, pastor of the Third Congregational Church, will give a bright address on the Washington convention under the title of "Washington Sparks." Rolla V. Watt, the chairman of the '97 convention committee. To whom much of

convention committee, to whom much of the credit is due for bringing the conven-tion West, will tell briefly how the Washtion West, will tell briefly how the Washington convention committee took care of
the vast numbers who attended and how
San Francisco won the convention. Another report of the Washington convention will be given under the title of
"Washington Impressions." Dr. E. E.
Kelly, who will deliver the latter address,
is an ex-president of the California Endeavor Union, and has doue much toward
raising the funds for the coming convenraising the funds for the coming conven-

tion.

The mass-meeting will close with a consecration address by the Rev. W. D. Williams, D.D., pastor of Plymouth Congregational Church.

gational Church.

The Christian Endeavorers both in Oakland and San Francisco are fully alive to the work which is before them in the way of preparing for the convention. The the work which is before them in the way of preparing for the convention. The Golden Gate Union of Christian Endeavor has pledged \$5000 of the \$25,000 guarantee which was necessary in order to bring the convention out here. Each society in the union has been assessed its share of the \$5000, and already many of the societies have paid to Charles Whitney, the treasurer of the union, large portions of their pledges. pledges.
The Oakland Endeavorers have promised

to raise \$4000 for the convention, \$1500 of which will be kept to be used as a special fund for an Oakland day in the convention. Dubois Is Shut Out.

SALT LAKE, UTAH, Aug. 18.-A special to the Herald from Boise, Idaho, says: To-night there is weeping and wailing and gnashing of teeth in the ranks of the silver Republicans. It was caused by the action of the Democratic convention, by a vote of 108 to 31, instructing the conference committee on fusion to deal exclusively with the Populists. This shuts Dubois and his following of Republican bolters out. The conference committee will meet in the morning.

### SAUSALITO WILL BE IN THE SWIM

A Mammoth Floating Bathing-House Contemplated.

LOCATED ON THE FRONT

Many Eastern Capitalists Are Interested in the Scheme.

THE CARNIVAL IS BOOMING.

Voting Contest Goes on Merrily With Miss Amjornson in the

A big scheme is rumored about the water front of Sausalito. Lieutenant-Colonel William St. Paul Seitz, the former lessee of the Sausalito Hotel, is in the East interesting Eastern capitalists in building an immense floating bathhouse in front of Sausalito. Colonel Seitz is forming a stock company of Eastern capitalists. This proposition has been in quiet agitation for over a year. It is now coming to a head. Colonel Seitz will return to Sausalito in a

few weeks.

The plans have already been drawn up. The floating bathing resort will consist of hot and cold water baths, a restaurant and theater combined, making Sausalito the pleasure resort par excellence of the Pacific

The plans have already been drawn up and are in the possession of Lieutenant-

The plans have already been drawn up and are in the possession of Lieutenant-Colonel Seitz.

It is stated that everything will be on a grand scale and be superior to anything on this coast. The building already planned will be flanked by four high towers and the architecture will be the modern Gothic.

Lieutenant - Colonel Seitz, who will return in a few weeks, was last year the lessee of the Sausalito Hotel. He held an important position in the last Midwinter Fair, and from there went to Montreal, Canada, where he held a like responsible position in an exposition in that city. From that city he went on to Eastern cities and has got Eastern capitalists interested in the construction of an elaborate bathhouse near Sausalito.

The location of the floating bathhouse is stated as being between the Pacific and San Francisco Yacht clubhouses on the Sausalito Bay Land Company's property. For three weeks the Sausalito Electric Light Company, under the proprietorship of T. J. Frost and Tom Scully, has been in full blast. Fifty houses on the hill are illuminated by incandescent lamps. The company is stretching wires as rapidly as possible.

It is proposed to have during the carni-

possible.

It is proposed to have during the carnival the legend "Sausalito" suspended near the depot composed of at least 250 electric

when the committees will report

when the committees will report.

General Dickinson states that there is much money in sight—enough to make the carnival an assured thing.

Commodore Bruce says that everything

will be definitely decided until the meeting on Monday night.

The voting for the carnival queen is going on merrily. The record stands as follows: Miss L. Amjornson 129, Miss K. Becker 125, Miss R. Miller 89, Miss Lichtenstein 80, Miss K. Forman 57.

Yesterday afternoon it was doubtful if anything would transpire at the trial of William Cohen, arrested as being a seller of pools under the management of Harof pools under the management of Har-

rison & Co.
Commission Broker or Poolseller Harrison said yesterday: "I am not a pool-seller; I am a commission broker. My fight will be on these grounds. I receive a 5 per cent commission from every buyer, and a commission from the Bookmakers' Club of New York. I do not run a poolroom—simply a commission house, and I am licensed as such. The money made here does not remain with me, but goes to the East to the parties who employ me. I am the first man to run an establishment of this kind on the Pacific Coast, and I do not come under the poolroom law. I run

not come under the poolroom law. I run a legitimate poolroom business."

The case against William Cohen will be prosecuted by A. Silva, prosecuting attorney, and the defense will be represented by James W. Cochran, ex-District Attorney of Marin County.

A. Silva said: "I shall try this case under Penal Code section 32, making it utterly immaterial whether a person is agent or proprietor of a poolroom, so long as he sells pools on a race or aids or abets a hazard on an event."

as he sells pools on a race or aids or abets a hazard on an event."

Judge Pottrell of Mill Valley will try the case in question.

The case is designated as "People versus W. Cohen," and was instigated on a ticket bought by Marshal Creed.

Marshal Creed says he bought the ticket for \$1 10 and lost on the proposition. This was about the 1st of July.

Monday the trustees passed an ordinance forbidding the purchasing of pools. "The trustees have put too much upon me," said Marshal Creed. "It is a very difficult matter to decide who are poolsellers and

matter to decide who are poolsellers and who are simply visitors. Consequently I have made no arrests. I notified all poolhave made no arrests. I notified all pool-buyers that if they continued to buy I would arrest them thirty minutes after notification. But I was unable to find any who bought after my warning.

In the meantime Harrison's poolroom or commission-house goes on at full blast and unmolested. Harrison says if defeated in the courts at Sausalito he will immediately appeal to the Supreme Court and there is sure of victory.

"I shall continue to run here," said he, "as long as I wish—as long, in fact, as I can make money. I know it, because I have the law on my side. I am not a poolroom man, simply a commission broker."

DID NOT HEAL THE BREACH.

## PHYSICAL MANHOOD.

Mind and Body Can Be Renewed in Weak, Failing Men by Dr. Sanden's Electric Belt. If You Have Tried All Other Remedies and Failed to Get Cured, Do Not Despair. There Is a Cure for You. Only Spare Time to Investigate It. It Is Certain. Absolute. Read the Book "Three Classes of Men."

This is the age of physical perfection.

It is also the age of physical imbecility.

While this man avails himself of every opportunity to develop and expand his manly vigor, that one is passing his chances to improve his mind and body, and easily falls into the excesses which are always in his path, to the destruction of his vital powers.

of his vital powers.

How great is your admiration of a San dow! A Hercules of physical manhood.

The very foundation of this physical manhood is nerve, or vital force. It is easily wasted by excesses or early indis-

11 Pounds in 28 Days.

Dr. A. T. Sanden-Dear Sir: It is over a month since I commenced to wear your Belt, and it has made a great change in my condition. I have gained eleven pounds in twenty-eight days. When I started to wear your belt I was so run down that I had to give up work. The belt stopped the weakness in four days, and I have had none since. I took up my duty at the engine after wearing the belt a week and have not lost an hour since. My father has been wearing the belt from three to four hours a day, and is now able to put his hands above his head, something he has not been able to do for forty-five years, and he never tires of telling the people of the good the belt has done for him. As for me, I would not take all the gold in the country for my belt and go back to the something he take the people of the good the solutions. for him. As for me, I would not take all the gold in the country for my belt and go back to the condition I was in two months ago, if I could not get another one like it. I cannot speak too highly of your belt and the good it has done me. I remain yours gratefully.

No man can attain physical or muscular perfection while there is now want of vital.

perfection while there is any want of vital force. It is the grit, the vim, the "ginger" which supports the powers of endurance, and the command of latent physical

Every man knows himself. He knows where he is weak. Knowing it, if he is true to himself, he will try to recover the

vital power he has wasted.

The source of all physical power is in the nerves. The life of the nerves is electhe nerves. The life of the nerves is electricity. So says science. Man, if you lack any of the elements of manhood, will you barter your future happiness any further by letting this chance pass? Be one of the progressive men. Perfect your manhood, physically, mentally

A steady, even flow of electricity into your body for several hours at night will bring new life to the nerves, and from them to the whole body. The brain will be refreshed, the nerves strong, quick and active, and every organ of your body will expand and develop in force and vitality. It will, in three months, renew perfect manly vigor in every part. It is as good for women as for men.

manly vigor in every part. It is as good for women as for men.

A permanent cure is guaranteed or money refunded in all weaknesses of men.

A pocket edition of the celebrated electromedical work, "Three Classes of Men," illustrated, is sent free, sealed, by mail upon application. Every young, middleaged or old man suffering the slightest weakness should read it. It will point out an EASY, SURE AND SPEEDY WAY TO REGAIN STRENGTH AND HEALTH WHEN EVERYTHING ELSE HAS FAILED.
