Weather Conditions That Revive the Farmers' Drooping Spirits and Boom Business in Every

Special Dispatch to The Call.

DIXON, Dec. 13.—Rain began to fall here at 5 o'clock this evening after six eks of contil lous dry weather. The and although what little wind there is is from the north the indications are good for a prolonged rain. The rainfall to date for the season is only 1.81 Tayl The charge in the weather will have a tendency to revive business in

10 o'clock to-night rain began falling throughout San Joaquin County, and an hour later a leaden sky and steady 1 good night's work. It was cold during 1 the day, with shifting winds, but it was not until after nightfall that the much needed wetting was assured. A more welcome rain never fell in this section.

SUISUN, Dec. 13.—Rain commenced falling here early this evening, and still continues. From present indications a heavy downpour is expected. There were severe frosts during the past week, doing considerable damage to cherry trees in Suisun and Green Val-

northwest and the temperature warm. The indications are for a good storm. t is badly needed, as many mines have thut down on account of lack of water. SANTA ROSA, Dec. 13.—A copious all of rain commenced to-night, after naving held off for several weeks. The to or three days' rain now will mean

he salvation of the county.

LATHROP, Dec. 13.—Rain comnenced falling at 8 p. m. It is still raining, with prospects of a good fall.
HOLLISTER, Dec. 13.—It commenced raining here at 5 o'clock this afternoon. Prospects indicate rain all

GRASS VALLEY, Dec. 13.-At 11 o'clock to-night a generous downpour of rain commenced. The wind is blowing from the south and a good storm is in prospect, which will enable all the mines to resume and continue in steady

SACRAMENTO. Dec. 13.—Rain has been falling lightly since early in the evening. Except that the wind is in the north and the weather cold the outlook is good for its continuance.

DUNSMUIR, Dec. 13.—The weather has been at freezing point for the past week. During the early part of the afternoon the temperature became the process of the process

LOS ANGELES, Dec. 13.—The climate and crop bulletin of the Weather mate and crop bulletin of the Weather
Bureau for Southern California for the
the kindergarten department of the pubweek ending December 12 is as follows:
The protracted drought was broken on
Thursday by a rain storm, which was
general south of the Tehachapi, though
the precipitation was light in the northern sections, while in the extreme southeek ending December 12 is as follows:

ern portions the rainfall was heavy. Cool weather accompanied the rain and in the higher valleys the rain changed to snow, which covered the ground. The snow melted gradually and left the soil in fine condition for cultivation. The rain was of great benefit to the farming interests and will permit the resumption of general farm work in those sections where the precipitation was generous. Considerable dry seeding had been done previous to the rain and the probability is that a large acreage will now be put into cultivation. Snow fell heavily in the mountains, which insures an increased supply of water for irrigation.

### "I AM TIRED OF DRUGS!"

Many Sufferers, Weary and Sick of Constant Drugging, Have Finally Tried Dr. Sanden's Electric Belt and Been Cured.

ARE YOU NOT TIRED OF overloading your poor stomach with drugs which have no good effect upon you? When you have faithfully stuck to a certain system of treatment for months and months, and yet not derived any permanent good from it, is it not high time to change? This is only the experience of thousands, and those who have a particle of courage left after the experience of poisoning the stomach with drugs have adopted as a last resort Dr. Sanden's Electric Belt. And it has not falled them, for it has cured thousands who had not a particle of faith in it to begin with, but only tried it because they knew they must try something or sink into despatir. How grateful they are for their cures can be learned from reading their letters.

A LATE CURE.

"The Belt that I purchased from you a short time ago I am perfectly satisfied with. I have not been able to use it according to your directions, yet I feel much stronger and the losses are almost stopped. I feel grateful to you for what your treatment has done for me, and I will at any time be pleased to verify my statement."

You feel the weight of i..is fact in your own case; you who have almost wrecked your health with the taking of noxious drugs, and who have nearly lost all hope of regaining the power of manhood; you who are sick and despairing, cannot you see in these letters which we publish daily a ray of hope for yourself? It is the boundless work of nature that appeals to you and offers to give from her stores of Electricity, applied by an intelligent physician. Dr. Sanden, to renew in your body hope, strength and manhood.

Read Dr. Sanden's famous book, "Three Classes of Men," if you cannot call and talk to him. It is free, sealed, by mail. It may restore your future happiness.

DR. A. T. SANDEN,

702 Market Street, Corner Kearny, San Francisc Office hours, 8 a. m. to 8 p. m.; Sundays, 10 to 1. NOT IN DRUG STORES.

Dr. Sanden's Electric Belt is never sold in drug stores nor by traveling agents; only at our office.

# THE POLICY OF

Will Enter the Fight at Washington.

by the racing board up to the time. The competition standing CANNOT ENDURE HALF FREE AND HALF VASSAL.

The Very Foundation on Which It Rests Is Assaulted When It Is Sought to Subjugate Alien Races.

Special Dispatch to The Call.

SAVANNAH, Dec. 13.-Colonel William J. Bryan, upon leaving his com-mand to-day, the Third Nebraska, gave out the following interview:

My reason for leaving the army was set forth in my letter to the adjutant general tendering my resignation. Now that the treaty of peace has been concluded I believe that I can be more useful to my country as a civilian than as a soldier. Colonel Bryan then proceeded to the discussion of public questions, saying:

Colonel Bryan then proceeded to the discussion of public questions, saying:

The people of the United States, having rescued Cuba from foreign control, may now resume the discussion of the domestic problems which confront this nation and to the consideration of the new questions arising out of the war.

I may be in error, but in my judgment our nation is in greater danger just now than Cuba. Our people defended Cuba against foreign arms; now they must defend themselves and their country against a foreign idea—the colonial idea of European nations. Heretofore greed has perverted the Government and used its instrumental interference for private galn; but now the very foundation principles of our Government are assailed.

The imperialistic idea is directly antagonistic to the idea and ideals which have been cherished by the American people since the signing of the Declaration of Independence. Our nation must give up any intention of entering upon a colonial policy (such as is now pursued by European countries), or it must abandon the doctrine that governments derive their just powers from the consent of the governed.

We may believe that governments control themselves and the statements and the statements and the governments.

erned.

We may believe that governments come up from the people, or we may believe that governments come down to the people from those who possess the heaviest cannons and the largest ships, but we cannot advocate both doctrines.

To borrow a Bible quotation, "A house divided against itself cannot stand"; paraphrasing Lincoin's declaration, I may add that this nation cannot endure half republic and half colony—half free and half vassal. Our form of government, even traditions, our present interests and our future welfare, all forbid our entering upon a career of conquest.

Jefferson has been quoted in support of imperialism, but our opponents must distinguish between expansion in the Western Hemisphere and an expansion that involves us in the quarrel of Europe and the Orient. They must still further distinguish between expansion which secures contiguous territory for future settlement and expansion which secures us alien races for future subjugation.

Jefferson favored the annexation of necessary contiguous territory to the North American continent, but he was opposed to wars of conquest and expressly condemned the acquiring of remote territory.

When asked how the colonial policy

Some think that the fight should be nade against ratification of the treaty, but I would prefer another plan. If the reaty is rejected negotiations must be enewed and instead of settling the quesbeen at freezing point for the past week. During the early part of the afternoon the temperature became warmer and at 9:30 p. m. a heavy fall of snow set in. This is the first snow of the season, and, coming this early in December, presages an abundance of water in Siskiyou County for mining purposes. Placer County has practically been at a standstill for the past year.

In confinement."

Smith's stricture on the Warden does not exactly meet with the approval of those who claim to know the facts. Warden Hale has done all in his power to prevent opium getting into the prison, but it is suspected that there are other officials in whom the Warden places trust who could tell him a good deal more about the traffic than he ever dreamed of.

AGED WOMAN PERISHES IN FIRE Burned to Leath in Seeking to Rescue

Mr. Knight asked him upon cross-examination if he had seen whether the
candies had been opened and pasted together again to permit of the insertion
of the arsenic. This was objected to, as
the witness was not a candy maker. The
objection was withdrawn, and the witness
said he did not know how it got there.
He did not find crystallized arsenic, but
found porcelaineous arsenic. This is the
pulverized or amorphous arsenic, socalled because it is without crystals. On
being asked as to the size of the lumps he
had seen he said to Mr. Knight that some
were as big as his head. "Oh! but you
don't know how big my head is at times,"
was the rejoinder. The witness was excused after some questions by Mr. Hosmer.

reasons I gave you in sustaining the 1.132 objection to the question asked as to the law of the State of Delaware relating to murder, I call your attention to the case of the People versus Tibbits (Ninety-First California), in which the Supreme Court of this State held that where a crime was committed partly in one State and partly in another it is not necessary to prove

REOPENS THE CONTEST

FOR PARKER'S FORTUNE

Lizzie Sykes Files a Will Similar to
That Which Has Just Been
Set Aside.

SAN JOSE, Dec. 13.—The long and bitter contest over the \$300,000 estate left by George H. Parker, the eccentric old capitalist, who died in this city in 1893, was given a fresh start to-day by the filing of abother will. This was an unexpected move and came just at the time when Mrs. Emma L. Parker, the contestant and widow of Edward L. Parker, thought she had her case won.

The will filed to-day a war later than the one just filed.
The will filed to-day makes exactly the same provision for Edward L. Parker, the son who died a few weeks after his father, as the other one. The Parker his father, as the other one. The Parker cisco was held in trust for him. The son was to receive the income from the property during the life of his wife, but should she die he was to receive the property in fee. In case Edward Parker died first, one half of the entire estate of G. H. Parker at his death should go to Jane Pomeroy, a sister; of the remainder \$5000 was given to the First Unitarian Church of San Jose and \$5000 to the Home of Beneview of the property during the life of his wife, but should she die he was to receive the property during the life of his wife, but should she die he was to receive the property during the life of his wife, but should she die he was to receive the property during the life of his wife, but should she die he was to receive the property during the life of his wife, but should she die he was to receive the property during the life of his wife, but should she die he was to receive the one his father, as the other one. The Parker, the son who died a few weeks after his father, as the other one. The Parker, the son who died a few weeks after his father, as the

she had her case won.

The will filed to-day is accompanied by a petition from Lizzie Sykes asking for its probate. The instrument is dated October 15, 1882. It is very similar to the will set aside yesterday by Judge Hyland on the ground that G. H. Parker had been unduly influenced in its making.

\*\*Crushed by a Cave-In.\*\*

CHICO, Dec. 13.—Skaneko, a Japanese, was crushed to death by a cave-in in a gravel pit near here this morning.
