"Starvation" is always at your door seeking to destroy you and
the loved ones at home. He is a hungry wolf and never satisfied.

This same Capitalist monator is now eating up the lives of 25,000
bables in the Southern cotton mills. He controls all the necessaries
of life and demands his pound of flesh for every pound of bread you
receive. Are the working people blind that they cannot see they are
being sold and exploited by the LASCALS they vote for? Can any one
point to a single houset government Republican or Democrat in any
part of the whole country, North or South? The Grafter is everywhere, placed there by the fool ballots of the working ass. The question arises:

tion arises:

WHAT CAN WE DO TO BE SAVED: Keep on voting for the RASCALS, the old parties, and get builets for ballots, as is now being done in Colorado, and with the full sanction of President Rough Rider Roosevelt and his able assistant, Major Buily Beil, also a Rough Rider Roosevelt and Roosevelt and Present they are both engaged in riding rough shod over the working people of Colorado and there is no telling sugh shod over the working people of Colorado and there is no telling when it will come YOHE TURN NEXT. We have seen the police ride over our own people in Detroit at Mayor Maybury's request on the Campus. He also denied Commade Engel free speech on May 12th, 1904. This is the kind of liberty you vote for.

The remedy for all these evils of rascally government, poverty and crime is in your own hands. Will you use it, and vote for your sow men and government? Debs and Handrod are the true friends and representatives of the working people. They stand for collective was men and government? The workers' government, the Social Co-operative Commonwealth will destroy, poverty and crime and noe one who is willing to do his share of life's labor shall go hungry, and in place of the sad condition under which we now exist as WAGE SLAVES there will be peace an

Therefore, if you want a Scab of government and president, vote the Republican or Democratic ticket. They have both a fine record for Rascality. Have you had enough of the full dinner pail, or do you want more What's the use of being a Union man, if you Scab on Election day? ask you to have confidence in yourselves and vote for your own men who have been tried by long and faithful service to the workers' cause: for President, Eugene V. Debs; for Vice President, Ben, Hanford; and by so doing we will change this vile system of Capitalist rule of Wage Slavery, where no man's life is safe, to the just system of the Social Cooperative Commonwealth of ALL FOR ONE AND ONE FOR ALL.

We were told, not in satire, but in sober earnestees; that William Ran-dolph Hearst was doing immense ser-vice to the cause of Socialism. This was received with derasive laughter and the farce commenced. The nati-plece of news consisted of the state-ment that the workers were robbed of a billion dollars a day by "the con-traction and inflation of the currency." We were then informed that the popparty and the Socialist party were the only two parties that stood for the in-terests of the working class. Com-rade French declared that there was rade French declared that there was no difference between the Populiat party and the Socialist party, but that they both stood for the same thing— the overthrow of greed and monopoly. Socialism he compared to a ladder with one rung at the bottom and anwith one rung at the bottom and an-other at the top, with no provision for elimbing the space between. What the bottom rung was we were not told, but the top rung we were caimly informed was "public ownership of public utilities." This and an intol-erable lot of rubbish of the same kind erable lot of rubbish of the same kind composed Comrade French's paper, and the audience sat agape, wonder-ing who was to be blamed, Comrade French or the people who put him for-ward. It may as well be stated here, for the 'defense of the general mem-bership, that the sole responsibility bership, that the sole responsibility rests with the propaganda committee, which allowed one of its muddlehead-ed members to foist Comrade French upon them.
